**Declaration to Correct Erroneous Information
In a Previously Recorded Document**

Sir:

1. The undersigned Entwicklungsgesellschaft für Akustik mit beschränkter Haftung (herein "EfA") is the true owner of U.S. Patent No. 7,137,477, entitled "Sound Absorbers," which was issued on November 21, 2006 to Keller et al. A later assignment has been improperly filed and recorded by another person against the '477 patent. EfA has contacted the person who recorded the later assignment with the erroneous information and has requested that the person record corrective papers. In addition, EfA as the true owner is recording the necessary papers with the Assignment Services Division to correct the error.

TO:HARNES DICKEY & PIERCE PLC COMPANY:PO BOX 828

2. The previously recorded document submitted with erroneous information is recorded at Reel/Frame No. 022957/0433. The Assignment purports to transfer ownership in the '477 patent from Clion Ireland Holding Ltd. to the Assignee Thomas Hedegaard. This assignment was recorded in error.

3. The true title rests in the undersigned, as shown in the true chain of title. The following summary of the chain of title makes clear that the chain of title should not be considered altered by the incorrect assignment later recorded at Reel/Frame 022597/0433.

Assignment 1: Recorded 12/29/2003 at Reel/Frame 014859/0752. Assignment 1 was a conveyance from four named inventors to assignee Clion Ireland Ltd. of Waterford, Ireland.

Assignment 2: Recorded 11/04/2004 at Reel/Frame 015338/0777. Assignment 2 was to correct the conveying party(ies) name and listed six co-inventors assigning to Clion Ireland Ltd.

Assignment 3: Recorded 11/17/2004 at Reel/Frame 015389/0493. Assignment 3 was another correction of name of conveying party(ies) assigning to Clion Ireland Ltd.

Assignment 4: Recorded 10/21/2005 at Reel/Frame 016930/0920. This was an assignment from the previous Assignee, Clion Ireland Ltd. to the successor Assignee Clion Ireland Holding Ltd. of Waterford, Ireland.

Assignment 5: Recorded 11/14/2008 at Reel/Frame 021824/0880. This assignment is from Clion Ireland Holding Ltd. to the undersigned EfA of Witten, Germany.

The above chain indicates the true title for the '477 patent lies with EfA.

Assignment 6: Recorded 04/28/2009 at Reel/Frame 022597/0433. This is the assignment that was recorded in error. It purports to convey all right and title from Assignor Clion Ireland Holding Ltd. to Assignee Thomas Hedegaard of Luzern, Switzerland. However, the conveyance was ineffective

TO:HARNES DICKEY & PIERCE PLC COMPANY:PO BOX 828

because Assignor Clion Ireland Holding Ltd. had already transferred all rights in the '477 patent to the undersigned with Assignment 5 discussed above.

4. The undersigned EfA is the correct Assignee. EfA has been and continues to be the owner of the '477 patent at issue.

5. This Declaration is being filed and recorded to set the record straight that true title is and always has been with the undersigned EfA. It is being recorded with a cover sheet that indicates the conveying party is EfA and that the receiving party is also EfA. This is to make it clear that ownership of the '477 patent never changed and that any assignment recorded against the '477 patent after recordal of assignment 5 was erroneous.

6. I declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 the United States Code, and that such willful false statement may jeopardize the validity of the application, and patent issuing thereon, or any patent to which this verified statement is directed.
