PATENT ASSIGNMENT

Comes Now, Mary K. Robinson and Emelita de Guzman Breyer,

Now therefore in consideration of ten dollars (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

I, Mary K. Robinson, with my address for the purposes herein being 3649 Cherry Hill Place, Decatur, GA 30034 (hereinafter designated as the "Assignor") agree to assign, and hereby do assign, transfer, and set over to Emelita de Guzman Breyer (hereinafter designated as the "Assignee"), whose address for purposes of this Assignment is 2840 Livsey Trail, Tucker, GA 30084, my entire right, title, and interest in and to the invention entitled and described as "Apolipoprotein F fingerprinting Technique and Methods Related Thereto," subject of U.S. Non-Provisional Application Serial No. 12/236,417, filed September 23, 2008, as Continuation-in-Part of previously assigned Patent Cooperation Treaty application PCT/US2007/007359, filed March 23, 2007, which claims priority to previously assigned U.S. Provisional Application Serial No. 60/743,678, filed March 23, 2006, and including any and all progeny applications filed throughout the world.

- (1.) Assignor, by these presents does sell, assign, transfer, and set over to the Assignee, her full, exclusive, and entire right, title, and interest in and to the Invention and/ or any improvements of Assignor thereto, along with any and all Patents that may be granted therefor in the United States, and elsewhere in the world.
- (2.) Assignor agrees to review and execute all papers necessary or prudent in connection with each application to protect the invention and/ or any improvements of Assignor thereto, regardless of the form of said application, and also to review and execute separate assignments in connection with any such application(s) as the Assignee may deem necessary or expedient.
- (3.) Assignor agrees to review and execute all papers necessary or prudent in connection with any interference which may be declared concerning any application relating to the invention and/ or any improvements of Assignor thereto, regardless of the form of said application, and to cooperate with the Assignee in every way possible in obtaining evidence and going forward with any such interference.
- (4.) Assignor agrees to review and execute all papers and documents and perform any act which may be necessary or prudent in connection with the claims or provisions of the International Convention for Protection of Industrial Property, the General Agreement on Tariffs and Trade, or any other similar agreements.
- (5.) Assignor agrees to perform all affirmative acts that may be necessary or prudent to obtain a grant of valid patent(s) to the Assignee relating to the invention and/ or any improvements of Assignor thereto.
- (6.) Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks, and all similarly situated foreign officials, to issue any and all Letters Patent(s) resulting from said application(s), regardless of the form of said application(s), to the said Assignee, as Assignee of the Assignor's entire right, title, and interest in and to the same for the Assignee's sole use, benefit, and behoof, and for the use and behoof of Assignee's legal representatives, to the full end of the term for which said Patent(s) may be

granted, as fully and entirely as the same would have been held by the Assignor had this Assignment and sale not been made.

(7.) Assignor hereby covenants that it has full right to convey the entire interest herein assigned and sold, and that it has not executed, and will not execute, any agreement(s) in conflict herewith.

(8.) Assignor hereby grants the Assignee and his duly authorized representatives the power to insert on this Assignment any further identification which may be necessary or prudent in order to comply with the rules of the United States Patent and Trademark Office, any foreign office, or any other legal entity or body whatsoever, for recordation and enforcement of this Assignment.
