## ASSIGNMENT OF PATENT RIGHTS

WHEREAS, RICHARD DOOLEY ("Assignor"), an individual, of Bowling Green OH, Ohio, is the exclusive owner of the entire right, title, and interest in and to the inventions and United States and foreign patents, patents pending and patent applications therefore ("Patent Rights") listed in Schedule A, attached hereto and made a part hereof;

WHEREAS, MIGHTY HOOK, INC., an Illinois corporation ("Assignee"), having a principal place of business at 1017 North Cicero Avenue, Chicago, Illinois 60651, desires to acquire the entire and exclusive right, title, and interest in and to the Patent Rights;

NOW, THEREFORE, in consideration of the sum of Ten Dollars (\$10.00), and other valuable and legally sufficient consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor does hereby assign and transfer to Assignee and its successors, assigns, and nominees, without any restrictions, reservations, or limitations:

1. the entire and exclusive right, title, and interest in and to the Patent Rights, and all continuations, continuation-in-parts, divisions, renewals, reissues, reexaminations, substitutions and extensions thereof;
2. any and all inventions disclosed in said patents, patents pending and patent applications and the exclusive right to make, use, and sell any and all inventions covered by the Patent Rights;
3. all priority rights pertaining to said inventions and derived from any and all of said Patent Rights under any applicable convention;
4. all other patents pending and patent applications that have been or shall be filed in the United States and all foreign countries on any of said inventions;
5. all original and reissued patents that have been or shall be issued in the United States and all foreign countries on any of said inventions;
6. the sole right to file applications for patents on said inventions under the patent laws of any country of the world in its name, and the sole right to have patents granted on said applications in its name, as fully and entirely as they would have been held by Assignor had this assignment not been made; Assignor hereby covenants and agrees that it will assist Assignee in the prosecution of any such patent applications and in the prosecution of any interference or other proceedings that may arise involving the inventions of the Patent Rights and that Assignor will execute and deliver to Assignee any and all additional papers that may be requested by Assignee to carry out the terms of this assignment; and
7. all past, present and future causes of action, claims, demands, and enforcement rights, relating to said patents, patents pending, patent applications and inventions, including without limitation, the sole right to pursue damages, injunctive relief, and other remedies for past

infringement of said patents, patents pending and patent applications and to enforce the Patent Rights with the right to sue and recover for Assignee's own use any accrued profits or damages for any and all infringements thereof, including, but not limited to, past infringements, with respect to which Assignor waives any right to receive any portion thereof; and

8. all documents, whether in paper, electronic or other form relating to said patents, patent applications and inventions, and all rights of access to information relating to said patents, patent applications and inventions.
