## ASSIGNMENT

Steven C. Sims of Shelton, WA; Drew Stephens of Shelton, WA; and Jonathan F. Seil of Shelton, WA (hereinafter the "Assignors") are the joint inventors of a certain new VIBRATION DAMPENER design disclosed and claimed in U.S. Design Patent Application No. 29/372,638 filed 16 December 2010 (hereinafter, respectively, the "Design" and the "Patent Application");

Sims Vibration Laboratory, Inc., a corporation of the State of Washington, USA having its principal place of business at 50 W. Rose Nye Way, Shelton, WA 98584 (hereinafter the "Assignee"), is desirous of acquiring all rights and the entire title and interest in and to the Design and the Patent Application and in, to, and under all patents and letters patent therefor in the United States and all countries foreign to the United States;

Now, Therefore, in consideration of One Dollar (\$1.00) and other good and sufficient considerations, the receipt of which is hereby acknowledged, the Assignors do hereby sell, assign, transfer, and set over to and unto Assignee, its successors and assigns all of their rights and their entire title and interest to: the Design; the Patent Application; and all divisions, reissues, continuations, extensions, and reexaminations of the Patent Application and covenant that they, the Assignors, have the full right to do so.

Assignors hereby authorize the Commissioner for Patents to issue all patents, reissue patents, and reexamination certificates issued on the Design and disclosed and claimed in the Patent Application and all divisions, reissues, continuations, extensions, and reexaminations of the Patent Application to Assignee as the successor to Assignors' rights, title, and interest.

Assignors agree: to communicate to Assignee and/or its representatives or agents all facts and information which is known or available to Assignors or which may hereafter become available to Assignors that is relevant to interference and other legal proceedings; to execute and deliver to Assignee and/or its representatives or agents, on request, all papers which are in their possession or which are or may become available to them including, but not limited to, all original, divisional, continuing, and reissue applications, patent renewals, assignments, powers of attorney, declarations, oaths, affidavits, depositions, drawings, descriptions, and other information regarding the Design and the Patent Application including such papers in electronic form; and to aid and assist Assignee, its successors, and assigns in obtaining and maintaining patent protection for and on the Design as requested by, but at the expense of, Assignee and/or its successors and assigns.

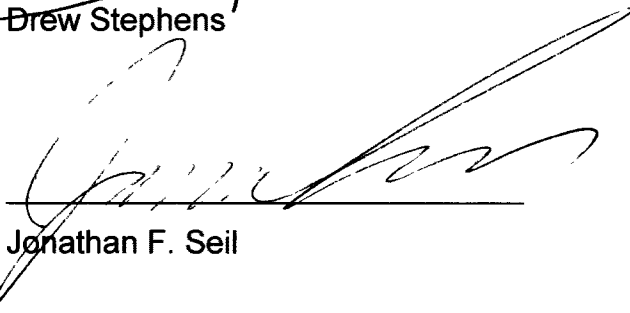

Executed this 19<sup>th</sup> day of April, 2011 at Shelton, WA, USA.
