ASSIGNMENT

This Assignment is made on the dates indicated below, by **Martin Simmons**, residing at **14 Grosvenor Road West, Baldock, Hertfordshire, SG7 6NZ, United Kingdom** and **John Cawse**, residing at **4 Viking Close, West Wratting, Cambridge, CB21 5NH, United Kingdom**, Assignors, to **Hexcel Composites, Ltd.** Assignee, having a place of business at **Duxford, Cambridge, CB2 4QD, United Kingdom**.

WHEREAS, Assignors have co-invented a new and useful **IMPROVEMENTS IN PREPREGS**, for which a patent application in the United Kingdom was filed on 28 March 2008 under Serial No. 0805640.0 and for which a PCT patent application was filed on 06 March 2009 under Serial No. PCT/GB2009/000616, identified as Hexcel Docket No. **A08-01GB and A08-01WO**, respectively;

WHEREAS, Assignors believe themselves to be the original inventors of the inventions disclosed and claimed in said patent applications; and

WHEREAS, the parties desire to have a recordable instrument assigning the entire right, title and interest in and to said inventions, said applications and any Letters Patent that may be granted for said invention in the United States and throughout the world;

NOW, THEREFORE, in accordance with the obligations to assign the invention and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignors sell, assign, and transfer to Assignee, the entire right, title and interest in and to said inventions, said applications and any Letters Patent that may be granted for said invention in the United States and throughout the world, including the right to file foreign applications directly in the name of the Assignee and to claims for any such foreign applications of any priority rights to which such applications are entitled under international conventions, treaties, or otherwise.

Assignors agree that, upon request and without further compensation, but at no expense to Assignors, they and their legal representatives and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing Letters Patent in the United States and throughout the world for said invention, and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to said invention, said applications, and any Letters Patent granted for said inventions in the United States and throughout the world.

Assignors represent and warrant that they have not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignors authorize and request the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Letters Patent granted for said invention, whether on said application or on any subsequently filed divisional, continuation, continuation-in-part or reissue application, to Assignee, its successors and assigns, as to the Assignee of the entire interest in said invention.

Executed on this 27 day of September, 2010.
