GRANT OF SECURITY INTEREST

WHEREAS, pursuant to the terms of that certain Assignment effective as of January 1, 2011 ("Assignment"), John Larry Sanders ("Secured Party") has assigned his rights to the intellectual property listed on Schedule 1 attached hereto to Specialty Fertilizer Products, LLC, an Ohio limited liability company ("SFP") (SFP and all wholly owned subsidiaries of SFP shall collectively be referred to herein as "Debtor") having an address at 11550 Ash, Suite 220, Leawood, KS 66211 in exchange for payment as set forth therein and in the Note (as defined below);

WHEREAS, as part of the Assignment and this transaction, Secured Party agreed to finance a portion of the purchase price payable to Secured Party by Debtor pursuant to the terms of that certain Promissory Note of even date herewith (as amended, modified, restated, or otherwise supplemented from time to time, the "Note") granted by Debtor in favor of Secured Party;

WHEREAS, as part of the Assignment and as required by Secured Party in the Note and pursuant to the terms of that certain Security Agreement entered into as of the date hereof by and between Debtor and Secured Party (as amended, modified, restated, or otherwise supplemented from time to time, the "Security Agreement"), Debtor has granted to Secured Party a continuing security interest in and to the Collateral as defined in Exhibit A attached hereto and incorporated by reference herein;

WHEREAS, Secured Party desires to acquire a security interest in, and lien on, all of Debtor's right, title and interest in and to the Collateral; and

WHEREAS, Debtor is willing to assign, deliver and grant to Secured Party a continuing security interest in and lien upon Debtor's right, title and interest in and to the Collateral.

NOW, THEREFORE, for good and valuable consideration, the sufficiency and receipt of which is hereby acknowledged by the parties hereto, pursuant to the terms and conditions of the Security Agreement, the Debtor hereby assigns and grants to the Secured Party a continuing security interest in, and a lien upon, the Collateral as defined in Exhibit A attached hereto and incorporated by reference herein. Exhibit B and Schedule 1 are also attached hereto and incorporated by reference herein and are also referenced within the Exhibits.

This Grant of Security Interest is made to secure the satisfactory performance and payment of all of the Obligations (as such term is defined in the Security Agreement) of the Debtor and shall be effective as of the date of execution of the Security Agreement by the undersigned parties therein.

This Grant of Security Interest has been granted in conjunction with the security interest granted to Secured Party under the Security Agreement. The rights and remedies of the Secured Party with respect to the security interest granted herein are without prejudice to, and are in addition to those set forth in the Security Agreement, all terms and provisions of which are incorporated herein by reference. In the event that any provisions of this Grant of Security

Interest are deemed to conflict with the Security Agreement, the provisions of the Security Agreement shall govern. All capitalized terms used herein but not otherwise defined herein shall have the meanings as set forth in the Security Agreement.

Debtor represents and warrants to Secured Party: (i) that Debtor is duly organized and validly existing under the laws of the state of its organization and has full corporate power and authority to enter into this Grant of Security Interest and to carry out the provisions hereof; (ii) such undersigned party is duly authorized to execute and deliver this Grant of Security Interest and to perform its obligations hereunder; (iii) the person executing this Grant of Security Interest on Debtor's behalf has been duly authorized to do so by all requisite corporate action of Debtor and has full corporate and legal power and authority to execute this Grant of Security Interest; and (iv) this Grant of Security Interest is a legal and valid obligation binding upon Debtor and enforceable in accordance with its terms.

This Grant of Security Interest may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. This Grant of Security Interest may also be executed and delivered by facsimile or other electronic signature and in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. This Grant of Security Interest may be filed in any jurisdiction worldwide deemed necessary by Secured Party to perfect Secured Party's security interest in the Collateral.

[END OF PAGE – SIGNATURE PAGE FOLLOWS]

IN WITNESS WHEREOF, the undersigned have executed this Grant of Security Interest agreeing to be bound by the terms herein effective as of the 1st day of January, 2011.

EXHIBIT A

DESCRIPTION OF COLLATERAL

The term "Collateral" shall mean, whether now granted, owned, or hereafter acquired by Debtor, the following:

- (a) An undivided one-half interest in and to all Patents and Patent Licenses, whether now granted or owned, pending or at any time hereafter acquired by Debtor.
- (b) An undivided one-half interest in and to all causes of action, past, present and future, for infringement, misappropriation, or dilution of any of the Patents or unfair competition regarding the same; provided, however, Collateral shall not include any Proceeds received from any such causes of action paid or delivered to Debtor prior to the date on which Secured Party exercises its rights to seize the Collateral upon an Event of Default.
- (c) An undivided one-half interest in and to all parts, accessories, software, attachments, special tools, additions, replacements, substitutions, and accessions to or for all of the foregoing.
- (d) All Proceeds allocable to the indicated interest in each of all of the foregoing.

Nothing contained in this Exhibit A shall limit the rights of Secured Party in and to any other collateral securing the Obligations which may have been, or may hereafter be, granted to Secured Party by Debtor.

EXHIBIT B

DEFINED TERMS

- (a) “Patents” means all types of exclusionary or protective rights granted (and applications therefor, including all refilings, divisions and continuations of the applications), whether now granted, or owned, pending, or at any time hereafter acquired, for inventions in any country of the world, including but not limited to all treaty and convention rights (and including, without limitation, utility patents, design patents, plant patents, letters patent, continuation patents, continuation-in-part patents, reissue patents, utility models, design registrations, industrial design registrations, international design registrations, breeders’ right certificates, inventor’s certificates, and the like), and all reissues and extensions thereof and all divisions, continuations and continuations-in-part thereof, and including but not limited to the property referred to in Schedule 1 attached hereto and incorporated by reference herein, together with all patents which may issue from any applications of Debtor or listed in Schedule 1 as well as all refilings, divisions and continuations, and the right to sue and collect damages for any past, present and future infringements thereof together with any and all additions to and extensions and reissues of the inventions and patents encompassed by this definition, Exhibit A and Schedule 1.
- (b) “Patent License” means all agreements, whether written or oral, providing for the grant by or to Debtor of any right to license, manufacture, use or sell any invention covered by any claims in a Patent or Patents, whether now granted or owned, pending or at any time hereafter acquired.
- (c) “Proceeds” means “proceeds,” as such term is defined in the UCC and, to the extent not included in such definition, shall include, (a) any and all proceeds of any insurance, litigation, indemnity, warranty, guaranty, letter of credit, and/or license payable to Debtor from time to time with respect to any of the Collateral, (b) all payments (in any form whatsoever) paid or payable to Debtor from time to time in connection with any taking of all or any part of the Collateral by any governmental authority or any person acting under color of governmental authority, (c) all judgments (including any enforcement action) in favor of Debtor in respect of the Collateral, and (d) all other amounts from time to time paid or payable to Debtor or received or receivable by Debtor under or in connection with any of the Collateral.

SCHEDULE 1

ALL PATENTS

PATENT LICENSES

and all other property and assets listed below, whether now granted or owned, pending or at any time hereafter acquired by Debtor:
