NUNC PRO TUNC PATENT ASSIGNMENT

WHEREAS, AT&T Labs, Inc., (hereinafter referred to as "AT&T Labs"), a Delaware corporation with an address of 9505 Arboretum Blvd, Austin, Texas 78759, and AT&T Intellectual Property I, L.P., (hereinafter referred to as "AT&T Intellectual Property I"), a Delaware corporation, with an address of 675 W. Peachtree Street, Atlanta, GA 30375 (AT&T Labs and AT&T Intellectual Property I, hereinafter collectively referred to as "the Parties") agree that Thusitha Jayawardena and William J. Shugard, inventors of U.S. Patent Application Nos. 11/963,039 and 12/779,546, were under an obligation to assign all right, title, and interest to the patent applications (hereinafter referred to as "the patent applications") and all inventions described therein to AT&T Intellectual Property I, or a predecessor in interest to AT&T Intellectual Property I, at the time of such invention; and

WHEREAS, through a clerical error, Thusitha Jayawardena and William J. Shugard executed documents that purported to assign all right, title and interest to the patent application and inventions described therein to AT&T Labs; and

WHEREAS, the Parties agree that the purported assignment to AT&T Labs was defective when executed by Thusitha Jayawardena and William J. Shugard; and

WHEREAS, the Parties agree that AT&T Intellectual Property I therefore owns the entire right, title, and interest of Thusitha Jayawardena and William J. Shugard in and to the patent application and inventions described therein including the right to sue for past infringement; and

WHEREAS, to the extent AT&T Labs owns any right, title, or interest in or to the patent application or inventions described therein, AT&T Labs desires to assign any such right, title, or interest of AT&T Labs to AT&T Intellectual Property I including the right to sue for past infringement; and

NOW, THEREFORE, for and in consideration of Ten United States Dollars (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, AT&T Labs assigns to AT&T Intellectual Property I *nun pro tunc*, all right, title and interest of AT&T Labs including the right to sue for past infringement in and to the patent application and all patents which may be granted therefor, and all divisions, reissues, reexaminations, and continuations thereof; and AT&T Labs hereby authorizes and requests the Commissioner of Patents and Trademarks to issue all patents for said invention, or patents resulting therefrom, insofar as AT&T Lab's interest is concerned, to AT&T Intellectual Property I.

IN WITNESS WHEREOF, the parties have caused this Patent Assignment to be executed on the dates and in the capacities shown below.

AT&T Intellectual Property I, L.P.

By its General Partner, AT&T

Intellectual Property, Inc.
