ASSIGNMENT

Corporate

EPSON CANADA, LTD., a Canadian Corporation, having a principal place of business at 185 Renfrew Drive, Markham, Ontario, Canada, L3R 6G3, (hereafter the "Assignor"), has acquired all rights in and to United States Patent Application identified below (hereafter sometimes called the "Patent Application") from inventor Guoyi Fu, who was added as an inventor of the Patent Application after the filing thereof.

SEIKO EPSON CORPORATION, a corporation of Japan, having a place of business at 4-1 Nishishinjuku 2-chome, Shinjuku-ku Tokyo, Japan (hereafter the "Assignee"), desires to acquire all of the rights to the Patent Application and all inventions described and claimed therein.

THEREFORE, in consideration of the sum of One Dollar (\$1.00) or equivalent and other good and valuable consideration paid to it, Assignor hereby sells and assigns to the Assignee all right, title and interest acquired from inventor Fu in and to the Patent Application identified below, and all inventions described and claimed therein, in any and all Letters Patent therefor, granted in the United States, its territorial possessions and all foreign countries; and in any and all reissues, extensions, renewals, reexaminations, divisions and continuations of such applications or Letters Patent, to the full end of the term or terms for which such Letters Patent issue, such right, title and interest to be held and enjoyed by the above-named Assignee the same as they would have been held and enjoyed by the Assignor had this Assignment and sale not been made.

By its undersigned representative, the Assignor agrees

a. to execute all papers necessary in connection with the Patent Application and any continuing, divisional, reissue, reexamination or corresponding application thereof and also to execute a separate Assignment in connection with such application as the Assignee may deem necessary or expedient;

- b. to execute all papers necessary in connection with any interference which may be declared concerning the Patent Application or any continuation, division, reissue or reexamination thereof and to cooperate with the Assignee in every way possible in obtaining evidence and going forward with such interference; and
- c. to perform all affirmative acts which may be necessary to obtain a grant of a valid United States patent to the Assignee on the Patent Application and on any continuation, division, reissue or reexamination of the Patent Application.

The Assignor hereby covenants that it has the full right to convey the entire interest herein assigned, and that it has not executed, and will not execute, any agreement in conflict therewith.

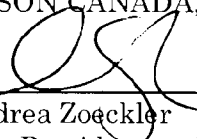

EPSON CANADA, LTD., a Canadian Corporation, certifies that it is the Assignee of the right, title, and interest in and to the Patent Application identified above received by virtue of Assignment from inventor Fu of the same. The Assignment is recorded in the Patent and Trademark Office as identified below.
