Assignment of Application

Docket No. 07.003

Whereas, I,

Nicholas Brady Tucker

Hereafter referred to as Applicant, have invented certain useful improvements in

SOLAR POWER STRUCTURE

and identified in a United States patent application by the docket number 07.003 and the by the above captioned title, hereafter referred to as the Patent Application.

Whereas, **Phat Energy Corporation**, hereafter referred to as Assignee, whose mailing address is **2715 Foothill Boulevard, La Crescenta, CA 91214** and is desirous of acquiring the entire right, title, interest in the same;

Now, therefore, in consideration of the sum of ONE dollar (\$1.00), the receipt whereof is acknowledge, and other good and valuable consideration, I/We, the Applicant(s), by these presents do sell, assign and transfer unto the Assignee the full and exclusive rights, title, and interest to the invention throughout the world including entire rights, title and interest to any and all patents, including continuations, divisionals, or reissues which may be granted in the United States as a result the Patent Application. I/We hereby authorize and request the Director of the U.S. Patent and Trademark Office to issue said United States Patent to said assignee, of the entire right, title, and interest in and to the same, for his sole use, profit and advantage; and for the use, profit, and advantage of his legal representatives, to the full end of the term for which said Patent may be granted, as fully and entirely as the same would have been held by me had this assignment and sale not been made.

In Witness Whereof, we have hereunto set our hand and seal.
