PATENT ASSIGNMENT

This ASSIGNMENT, made by Arquest, Inc., an Arkansas corporation (hereinafter referred to as "Assignor");

WHEREAS, Assignor is the owner of all right, title and interest in and to the Patents and Patent Applications, and all inventions included therein, set forth in Exhibit A hereof (collectively, the "Patents"); and

WHEREAS, Associated Hygienic Products LLC, a Delaware limited liability company (hereinafter referred to as "Assignee"), desires to acquire the entire right, title and interest in the Patents.

NOW, THEREFORE, for good and valuable consideration, receipt of which is hereby acknowledged, Assignor does hereby sell, assign, transfer and set over, unto Assignee, its successors, legal representatives and assigns, any and all rights, title, and interest Assignor may own in and to the Patents, and in and to any and all related direct and indirect divisions, continuations and continuations-in-part of the Patents, any Patent having its term terminally tied to the Patents, and any and all related Applications for Letters Patent and Letters Patent in the United States, all foreign countries, and all issuing bodies which may be granted therefore and thereon, and reissues, reexaminations and extensions of said Letters Patent, and all rights under the International Convention for the Protection of Industrial Property, and all inventions included therein, including any and all rights of recovery based on past infringement thereof, the same to be held and enjoyed by Assignee, for its own use and benefit and the use and benefit of its successors, legal representatives and assigns, to the full end of the term or terms for which Letters Patent may be granted and/or extended, as fully and entirely as the same would have been held and enjoyed by Assignor, had this sale and assignment not been made.

AND FOR THE SAME CONSIDERATION, Assignor hereby represents and warrants to Assignee, its successors, legal representatives and assigns, that, at the time of execution of this Assignment, except for any rights, titles and/or interests that have arisen to Assignee under law or that have already been transferred to Assignee, Assignor is the sole and

lawful owner of the entire right, title and interest in and to the said inventions and for the Patents, and that the same are unencumbered and that Assignors have good and full right and lawful authority to sell and convey the same in the manner herein set forth.

AND FOR THE SAME CONSIDERATION, Assignor also hereby covenants and agrees that Assignor will, whenever counsel of the Assignee, or the counsel of its successors, legal representatives, and assigns, shall advise that it is lawful and desirable, and Assignor's counsel has approved of such actions, such approval not to unreasonably be withheld, sign all papers and documents, take all lawful oaths and do all acts reasonably necessary or required to be done for the procurement and maintenance of any Letters Patent and Applications for Letters Patent for said inventions, in any proceeding in connection with the Patents or any proceeding in connection with any Letters Patent or Applications for Letters Patent for said inventions in any country or issuing body, including but not limited to interference proceedings, or, to obtain any division, continuation or continuation-in-part of any Application for Letters Patent, or any reissue, reexamination or extension of any Letters Patent, to be obtained thereon. Assignee, its successors, legal representatives, and assigns, agree to pay all reasonable costs and expenses, including without limitation legal fees, incurred by the Assignor or any of its employees, agents, and representatives in connection with the foregoing actions.
