### ASSIGNMENT

WHEREAS, Flextronics America, LLC, a Delaware limited liability company having offices at 1209 Orange Street, Wilmington, Delaware 19801 ("ASSIGNOR") represents and warrants that it acquired from the inventors the entire right, title, and interest in certain new and useful improvements, technology, inventions, developments, ideas or discoveries ("Invention") disclosed in U.S. Design Patent Application No. 29/376,964, filed October 14, 2010, entitled PORTABLE PUMP (the "Application");

WHEREAS, Smith & Nephew Medical Limited, a Great Britain limited liability company having offices at 101 Hessle Road, Hull HU3 2BN United Kingdom ("ASSIGNEE") desires to confirm that it has acquired the entire right, title, and interest in and to the Invention and the Application, as well as all related intellectual property rights as further set forth herein;

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, ASSIGNOR hereby further acknowledges that it has sold, assigned, and transferred, and by these presents does hereby sell, assign, and transfer, unto ASSIGNEE, its successors, legal representatives, and assigns, ASSIGNOR's entire right, title, and interest throughout the world in, to, and under the said Invention, and the said Application and all Patents that may be granted thereon, and all provisional and nonprovisional applications relating thereto, and all divisions, continuations, reissues, reexaminations, renewals, and extensions thereof, and all rights of priority under International Conventions and applications for Letters Patent that may hereafter be filed for said Invention or for the said Application in any country or countries foreign to the United States; and ASSIGNOR hereby authorizes and requests the Commissioner of Patents of the United States, and any Official of any country foreign to the United States, whose duty it is to issue patents on applications as aforesaid, to issue all Letters Patent for said Invention and all Letters Patents resulting from the Application to ASSIGNEE, its successors, legal representatives, and assigns, in accordance with the terms of this Agreement.

ASSIGNOR does hereby sell, assign, transfer, and conveys to ASSIGNEE, its successors, legal representatives, and assigns all claims for damages and all remedies arising out of any violation of the rights assigned hereby that may have accrued prior to the date of assignment to ASSIGNEE, or may accrue hereafter, including, but not limited to, the right to sue for, collect, and retain damages for past infringements of the said Application and all Patents that may be granted thereon before or after issuance;

ASSIGNOR hereby covenants and agrees that it will communicate to ASSIGNEE, its successors, legal representatives, and assigns any facts known to ASSIGNOR respecting the Application and all Patents that may be granted thereon immediately upon becoming aware of those facts, and that it will testify in any legal proceeding involving any of the Application and all Patents that may be granted thereon, will sign all lawful papers, execute all divisional, continuing, and reissue applications, make all rightful oaths, and will generally do everything possible to aid ASSIGNEE, its successors, legal representatives, and assigns to obtain and enforce the Application and all Patents that may be granted thereon in all countries. ASSIGNOR's obligations under this paragraph apply only to the extent reasonably required by the ASSIGNEE to secure for its benefit the provisions of this Assignment Agreement. ASSIGNEE agrees to reimburse ASSIGNOR'S expenses in carrying out its obligations under
