PATENT ASSIGNMENT

Whereas, The Real Reel Corporation (hereinafter known as the "Assignor"), a corporation of the State of Rhode Island, having its principal place of business at 50 Taylor Drive, East Providence, Rhode Island 02916 USA, is the owner of certain inventions for which Letters Patent have been issued and for which applications for Letters Patent have been executed, as listed in Schedule A attached hereto ("the Patents"); and

Whereas, Illinois Tool Works Inc. (hereinafter known as "Assignee"), a corporation of the State of Delaware, having its principal place of business at 3600 West Lake Avenue, Glenview, Illinois 60026-1215 USA, is desirous of acquiring the Assignor's entire right, title, and interest in and under the Patents;

Now, therefore, for good and valuable considerations, the receipt and sufficiency of which are hereby acknowledged, Assignor assigns and transfers to the Assignee and the Assignee's legal representatives, successors and assigns

- its full and exclusive rights in and to the Patents in the U.S. and every foreign country and its entire right, title, and interest in and to the Patents and other such applications (e.g., provisional applications, non-provisional applications, continuations, continuations-in-part, divisionals, reissues, reexaminations, National phase applications, including petty patent applications, and utility model applications) that may be filed in the United States and every foreign country on the inventions, and the patents, extensions, or derivations thereof, both foreign and domestic, that may issue thereon, and

the Assignor hereby authorizes and requests the Commissioner of Patents to issue U.S. patents to the above-mentioned Assignee agreeably with the terms of this assignment document.

Upon said consideration, Assignor conveys to the Assignee the right

- to make application in its own behalf for protection of the inventions in the U.S. and countries foreign to the U.S. and
- to claim under the Patent Cooperation Treaty, the International Convention and/or other international arrangement for any such application the date of the U.S. application (or any other application on the invention) to gain priority with respect to other applications.

Assignor does hereby covenant and agree with the Assignee that

- it will not execute any writing or do any act whatsoever conflicting with the terms of this assignment document set forth herein, and

- it will at any time upon request, without further or additional consideration, but at the expense of the Assignee,
 - execute such additional assignments and other writings and do such additional acts as the Assignee may deem necessary or desirable to perfect the Assignee's enjoyment of this assignment, and
 - render all necessary assistance in making application for and obtaining original, continuation, continuation-in-part, divisional, reissued, reexamined, and National phase patents of the U.S. or of any and all foreign countries on the inventions, and in enforcing any rights or choses in action accruing as a result of such applications or patents, and by executing statements and other affidavits,

it being understood that the foregoing covenant and agreement shall bind, and inure to the benefit of, the assigns and legal representatives of all parties hereto.

In witness whereof, Assignee and Assignor have caused their officers to hereunder set their hands on the date shown below.
