ASSIGNMENT

WHEREAS Protective Coatings Technology, Inc. (hereinafter referred to as Assignor), a corporation organized and existing by virtue of the laws of the State of Minnesota having a place of business at 5385 Freitag Drive – Suite 1, Menomonie, Wisconsin 54751, is the sole owner of all right, title and interest in and to the applications for United States Letters Patents listed in Exhibit A attached hereto and the inventions claimed therein; and

WHEREAS Polyguard Products, Inc. (hereinafter referred to as Assignee), a corporation organized and existing by virtue of the laws of the State of Oklahoma having its principal place of business at 3801 S. Interstate Highway 45, Ennis, Texas 75119, is desirous of acquiring the entire right, title and interest in and to the applications for United States Letters Patents listed in said Exhibit A attached hereto and the inventions claimed therein and any patent which may be granted therefor in the United States and any and all foreign countries.

NOW, THEREFORE, for and in consideration of One Dollar (\$1.00) and other good and valuable consideration, the receipt of which is hereby acknowledged, Assignor has sold, assigned and transferred and by these presents does hereby sell, assign and transfer to the said Assignee, its successors and assigns, Assignor's entire right, title and interest in and to the said applications for United States Letters Patents listed in Exhibit A attached hereto and all divisions, reissues, substitutions, continuations, continuations-in-part and extensions thereof, along with the right to bring suit in its own name and recover damages for any infringement of any patents which issue on said applications for United States Letters Patents listed in Exhibit A attached hereto which occurred prior to the effective date of this Assignment.

Assignor also hereby sells and assigns to the said Assignee, its successors and assigns, all Assignor's rights in and to the inventions disclosed in said applications for United States Letters Patents listed in Exhibit A attached hereto in all patent-granting countries of the world, including the right to file applications and obtain patents, utility models, industrial models and designs for said inventions in its own name and including all rights of priority under the terms of the International Convention for the Protection of Industrial Property and otherwise; all rights to publish cautionary notices reserving ownership of said inventions; and all rights to register said inventions in appropriate registries, and further agrees to execute any and all powers of attorney, patent applications, assignments, declarations, affidavits and any other papers in connection therewith necessary to perfect such rights, title and interest in Assignee, its successors or assigns.

IN WITNESS WHEREOF Protective Coatings Technology, Inc. has caused this assignment to be duly executed and to be effective as of the 1st day of October, 2010.
