ASSIGNMENT OF PATENT APPLICATION

WHEREAS, Don Hoover, of Bakersfield, California, hereinafter referred to as Assignor, is an inventor of the invention described and set forth in the below identified application for United States Letters Patent:

Title of the Invention: Improved Oil Well Tubing Pressure Testing System and Method of Use

Application Serial Number: 13/006388 (the "Application")

Filing Date: 13 January 2011

Declaration Execution Date: 9 March 2011

WHEREAS, C&H Testing Service, LLC (fka C&H Testing Service, Inc.), an Alaska Limited Liability Company doing business in Bakersfield, California, hereinafter referred to as Assignee, was Assignor's employer at the time of the conception of the invention claimed within the Application and is thereby entitled to acquire Assignor's interest in the invention and the Application and in any Letters Patent which may be granted on the same anywhere in the world;

NOW, THEREFORE, TO ALL WHOM IT MAY CONCERN: Be it known that, for good and valuable consideration, receipt of which is hereby acknowledged by Assignor, Assignor has sold, assigned and transferred, and by these presents does sell, assign and transfer to Assignee, and to Assignee's successors and assigns, all of Assignor's right title and interest in and to the invention and Application, and in and to any Letters Patent which may hereafter be granted on the same in the United States or anywhere else in the world, the said interest to be held and enjoyed by Assignee as fully and exclusively as it would have been held and enjoyed by Assignor had this Assignment and transfer not been made, to the full end and term of any Letters Patent which may be granted thereon, or of any division, renewal, continuation in whole or in part, substitution, conversion, reissue, prolongation or extension thereof. Assignor further assigns to Assignee any right Assignor had or may have, either before or after the date of this Assignment, to bring suit for any infringement of any Letters Patent which may be granted on the Application.

Assignor further agrees that Assignor will, without charge to Assignee, but at Assignee's expense, cooperate with Assignee in the prosecution of said Application and any later applications which may be filed based upon the Application, execute, verify, acknowledge and delivery all such further papers, including applications for Letters Patent and for the reissue thereof, and instruments of assignment and transfer thereof, and will perform such other acts as Assignee lawfully may request, to obtain or maintain Letters Patent for said invention and improvement, and to vest title thereto in Assignee, or in Assignee's successors and assigns.

IN TESTIMONY WHEREOF, Assignor has signed his/her name on the date indicated.

Don Hoover
