ASSIGNMENT

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, each undersigned inventor has sold and assigned, and by these presents hereby sells and assigns, unto

Imperial College of Science, Technology and Medicine
Exhibition Road, London, SW7 2AZ, United Kingdom

its successors and assigns, the entire right, title and interest, so far as concerns the United States and the Territories and Possessions thereof and all foreign countries in and to the invention in **“HYBRID CEMENT SET-ON-COMMAND COMPOSITIONS AND METHODS OF USE”**

as set forth in this United States Patent Application

- executed concurrently herewith;
- executed on;
- Application No. 12/833,030, filed on July 9, 2010;
- Application claims priority from Application No.:

said application for United States Letters Patent, including all divisional, renewal, substitute, continuation, nonprovisionals, continuation-in-parts, and Convention applications based in whole or in part upon said inventions or upon said applications, and any and all Letters Patent and reissues, reexaminations, and extensions of Letters Patent granted for said inventions or upon said applications and every priority right that is or may be predicated upon or arise from said file patent applications in any or all countries on any or all said inventions in the name of the undersigned or in the name of said Assignee or otherwise as said Assignee may deem advisable under the International Convention or otherwise; the Commissioner of Patents and Trademarks of the United States of America being hereby authorized to issue or transfer all said Letters Patent to said Assignee in accordance herewith; this assignment being under covenant, not only that full power to make the same is had by the undersigned, but also that such assigned right is not encumbered by any grant, license or other right theretofore given, and that the undersigned will do all acts reasonably serving to ensure that the said inventions, patent applications and Letters Patent shall be held and enjoyed by said Assignee as fully and entirely as the same could have been held and enjoyed by the undersigned if this assignment had not been made, and particularly to execute and deliver to said Assignee all lawful documents including petitions, specifications,

oaths, assignments, invention disclaimers, declarations, and lawful affidavits in form and substance which may be requested by said Assignee, to furnish said Assignee with facts relating unto said inventions or the history thereof and any and all documents, photographs, models samples or other physical exhibits which may embody said inventions, and to testify in any proceedings relating to said inventions, patent applications, and/or Letter Patent.

The undersigned hereby grant(s) an authorized representative of Assignee the power to insert in this Assignment any further identification that may be necessary or desirable to comply with the rules of the United States Patent and Trademark Office for recordation of this Assignment.

This Assignment is deemed to be effective at least as early as July 9, 2010 (the earliest priority date).
