ASSIGNMENT

ASSIGNOR:

Shahin Pourrahi

Piotr Marian Starewicz

William Fredrick Punchard

Nadder Pourrahi

ASSIGNEE: Stern Magnetics, LLC

INVENTION: High Magnetic Field Gradient Strength  
Superconducting Coil System

ATTORNEY DOCKET: SM - 101U

SERIAL NUMBER: 13/083020

FILING DATE: April 8, 2011

Assignor is a joint inventor of the above invention (the "Invention") described in a United States patent application (the "Application") bearing the above attorney docket number and having as a title the above name for the Invention. The Application has a US Patent and Trademark Office filing date and serial number as indicated above or, if no filing date and serial number are shown, has a Declaration executed by  
7 Assignor contemporaneously with this Assignment.

For valuable consideration, receipt of which is acknowledged, each Assignor hereby assigns to Assignee (which term shall include Assignee's successors and assigns) all of Assignor's right, title, and interest in the Invention, all improvements therein, the Application and all priority rights arising therefrom, and any patents and any reissues and extensions thereof which issue in any country upon any patent applications which correspond with any of the following: the Application, any divisional, continuation-in-whole, or substitute United States application which is based on the Application; or any continuation-in-part United States application (including divisions, continuations-in-whole or -in-part, and substitutions thereof or therefor) based in-part on any of the above described applications.

Each Assignor further agrees that such Assignor and Assignor's heirs and legal representatives will, without further consideration, cooperate with Assignee in the prosecution of all of the above applications, execute, verify, acknowledge, and deliver

all such further papers, including applications for patents and for reissues and extensions therefor, and instruments of assignment and transfer thereof, and will communicate any facts known to assignor relating to the Invention, to obtain or maintain or enforce patents for the Invention and improvements therein in any and all countries and to vest title thereto in Assignee. Each Assignor further agrees that such Assignor will, without further compensation to Assignor during the term of such Assignor's employment by Assignee and thereafter for reasonable compensation as determined by Assignee, perform such other acts as may be reasonably required when requested by Assignee, including attending depositions, preparing and executing declarations and affidavits and testifying as a witness, to obtain or maintain or enforce patents for the Invention and improvements therein in any and all countries and to vest title thereto in Assignee.

Each Assignor hereby executes this instrument on the date set forth below.
