INTELLECTUAL PROPERTY SECURITY AGREEMENT

This INTELLECTUAL PROPERTY SECURITY AGREEMENT (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the "*IP Security Agreement*") dated June 30, 2011, is made by Husky Injection Molding Systems Ltd. (the "*Grantor*") in favour of MORGAN STANLEY SENIOR FUNDING, INC., as Collateral Agent (the "*Collateral Agent*") for the Secured Parties (as defined in the Credit Agreement referred to below).

WHEREAS, Yukon Acquisition Inc., as Initial Borrower (to be amalgamated with Husky Injection Molding Systems Ltd., an Ontario corporation (the "*Surviving Borrower*" and following the Amalgamation, the "*Borrower*"), Husky Intermediate Inc. and certain other Subsidiaries of the Surviving Borrower have entered into that certain Credit and Guaranty Agreement dated as of June 30, 2011 (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the "*Credit Agreement*"), with the Lenders party thereto, Morgan Stanley Senior Funding, Inc., as administrative agent (together with any successor administrative agent appointed pursuant to Article 8 of the Credit Agreement, the "*Administrative Agent*") for the Lenders, and the other agents party thereto. Terms defined in the Credit Agreement and not otherwise defined herein are used herein as defined in the Credit Agreement.

WHEREAS, as a condition precedent to the making of Loans by the Lenders under the Credit Agreement, certain Loan Parties (the "*Canadian Grantors*") have executed and delivered that certain Security and Pledge Agreement dated June 30, 2011 made by the Canadian Grantors to the Collateral Agent (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the "*Security Agreement*").

WHEREAS, under the terms of the Security Agreement, the Grantor has granted to the Collateral Agent, for the ratable benefit of the Secured Parties, a security interest in, among other property, its intellectual property, and has agreed as a condition thereof to execute this IP Security Agreement for recording with the Canadian Intellectual Property Office and other Governmental Authorities.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Grantor agrees as follows:

SECTION 1. Grant of Security. The Grantor hereby grants to the Collateral Agent for the ratable benefit of the Secured Parties a security interest in all of the Grantor's right, title and interest in and to the following (the "*Collateral*"):

(a) the patents and patent applications set forth in Schedule A hereto (the "*Patents*");

(b) the trademark registrations and applications set forth in Schedule B hereto (*provided* that no security interest shall be granted in any Canadian proposed-use trademark applications until a "Declaration of Use" has been filed and accepted by the Canadian Intellectual Property Office), at which time such trademark shall automatically become part of the Intellectual Property Rights and subject to the security interest pledged hereunder (the "*Trademarks*");

(c) all copyrights, whether registered or unregistered, now owned or hereafter acquired by the Grantor, including, without limitation, copyright registrations and applications set forth in Schedule C hereto, and any exclusive licenses under which the Grantor is an exclusive licensee of a registered copyright (the "*Copyrights*");

(d) all reissues, divisions, continuations, continuations-in-part, extensions, renewals and reexaminations of any of the foregoing, all rights in the foregoing provided by international treaties or conventions, all rights corresponding thereto throughout the world and all other rights of any kind whatsoever of the Grantor accruing thereunder or pertaining thereto;

(e) any and all claims for damages and injunctive relief for past, present and future infringement, dilution, misappropriation, violation, misuse or breach with respect to any of the foregoing, with the right, but not the obligation, to sue for and collect, or otherwise recover proceeds arising from such damages; and

(f) any and all proceeds of, collateral for, income, royalties and other payments now or hereafter due and payable with respect to, and supporting obligations relating to, any and all of the Secured Property of or arising from any of the foregoing.

SECTION 2. Recordation. The Grantor authorizes and requests that the Register of Copyrights, the U.S. Patent and Trademark Office and the Canadian Intellectual Property Office, as applicable, to record this IP Security Agreement.

SECTION 3. Execution in Counterparts. This IP Security Agreement may be executed in any number of counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement.

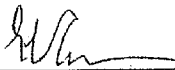

SECTION 4. Grants, Rights and Remedies. This IP Security Agreement has been entered into in conjunction with the provisions of the Security Agreement. The Grantor does hereby acknowledge and confirm that the grant of the security interest hereunder to, and the rights and remedies of, the Collateral Agent with respect to the Secured Property are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein. In the event of a conflict between the terms of this IP Security Agreement and the terms of the Security Agreement, the Security Agreement shall control.

SECTION 5. Governing Law. This IP Security Agreement shall be governed by, and construed in accordance with, the laws of the Province of Ontario and the federal laws of Canada applicable therein.

SECTION 6. Materiality of Collateral. The execution and delivery of this IP Security Agreement by the Grantor does not constitute an acknowledgment or representation that the Collateral is material.

IN WITNESS WHEREOF, the Grantor has caused this IP Security Agreement to be duly executed and delivered by its officer thereunto duly authorized as of the date first above written.
