## ASSIGNMENT OF INVENTION

Whereas, I, Matthieu Saracco, of Portland, OR, have invented a certain invention as described in the following patent application:

U.S. Patent Application No. 13/179856, filed on 07/11/2011, entitled "Fiber cladding light stripper"

which application is collectively referred to as "the patent application."

Whereas, nLight Photonics Corporation, a Corporation organized under the laws of the State of Delaware, having a place of business at 5408 NE 88th Street, Bldg. E, Vancouver, Washington, 98665, desires to acquire an interest therein:

Now, therefore, for good and valuable consideration, the receipt of which is hereby acknowledged, I, Matthieu Saracco, hereby sell, assign, and transfer to nLight Photonics Corporation, the full and exclusive right, title, and interest in and to said invention, patent application, and patent rights throughout the world, including foreign patent priority rights and the right to file and prosecute International Applications under the Patent Cooperation Treaty; said invention, patent application, and letters patent in this or any foreign country, and all divisions, continuations, reissues, and extensions thereof, to be held and enjoyed by nLight Photonics Corporation, for its own use and benefit, and for its successors and assigns to the full end of the term for which letters patent may be granted the United States or any foreign country, as fully and entirely as the same would have been held by me had this assignment and sale not been made, and covenant that I have full right so to do, and agree that I will communicate to nLight Photonics Corporation, or its successors and assigns, any facts known to me respecting said invention, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing, and reissue applications, make all rightful oaths, and do everything possible to aid nLight Photonics Corporation, its successors and assigns to obtain and enforce proper patent protection for said invention in the United States or any foreign country.

I confirm at the time the invention was made, I assigned the invention to nLight Photonics Corporation.

I hereby grant the legal representatives of nLight Photonics Corporation the power to insert on this Assignment any further information which may be necessary or desirable in order to comply with all applicable legal requirements, including the rules of the United States Patent and Trademark Office, for submitting and recording this document.

Executed at the place and date opposite my signature below.
