ASSIGNMENT

We, **Katherine Jones** of 344 Santa Helena, Solana Beach, California, 92075, a citizen of the United States of America, **Lirong Zhang** of 7675 Palmilla Drive, Apt. 6418, San Diego, California 92122, a citizen of China, **Vanessa Bres** of 5454 Via Alcazar, San Diego, California, 92111, a citizen of France and **Yupeng Chen** of 7675 Palmilla Drive, Apt. 6418, San Diego, California 92122, a citizen of China, have invented an invention entitled **METHODS AND COMPOSITIONS FOR TARGETING SKIP** for which the following patent applications have been filed:

U.S. Provisional Patent Application No. 61/322890, filed on April 11, 2010; and

U.S. Patent Application No. 13/078,813, filed on April 1, 2011

which applications are collectively referred to herein as "the patent applications."

The subject invention(s) was made as a result of our activities at or on behalf of the Salk Institute for Biological Studies or as a result of our utilization of information, facilities or other resources of the Salk Institute for Biological Studies. The conditions under which said invention(s) was made are such as to entitle the Salk Institute for Biological Studies to the entire right, title, and interest in the invention(s) and the patent application in the United States and its territories and dependencies, and all other countries of the world.

In consideration of our obligations and other valuable consideration, we the undersigned hereby sell, assign, and transfer to the **Salk Institute for Biological Studies** (hereinafter, "Salk Institute"), its successors and assigns, the full and exclusive right, title, and interest in the invention(s) and the patent application throughout the United States of America and its territories and dependencies, and all other countries of the world. This includes an assignment of all non-provisional patent application and any Letters Patent that may be granted on the invention(s) for corresponding non-provisional patent application in the United States of America and all countries throughout the world, and any divisional, renewal, continuation in whole or in part, substitution, conversion, reissue, prolongation or extension thereof; and the right to claim priority from the provisional patent application as provided for by United States law, the Patent Cooperation Treaty, the European Patent Convention, the Paris Convention, or other applicable law.

We authorize and request the issuance of said Letters Patent to the Salk Institute as assignee of the entire right, title, and interest to be held as fully and entirely as the same would have been held by us had this assignment not been made.
