INTELLECTUAL PROPERTY ASSIGNMENT & ROYALTY AGREEMENT

Assignment made by the creators of subject intellectual property entitled:

STARCH GELATINIZATION FREE COLD PELLETING TECHNOLOGY FOR ANIMAL FEED APPLICATION (DISC NO. 06-30)

to Kansas State University Research Foundation, a nonprofit corporation organized under the laws of the State of Kansas, located at 2005 Research Park Circle, Suite 105, Manhattan, Riley County, Kansas 66502-5020, herein referred to as the RESEARCH FOUNDATION.

Creators of subject intellectual property at Kansas State University include, but are not necessarily limited to, inventors of patentable and non-patentable materials and authors of other creative works.

RECITALS

- A. The creators are or have been associated with Kansas State University, and the subject intellectual property originated from University time, facilities, interaction, or other involvement.
- B. This assignment is in accordance with the Kansas Board of Regents Intellectual Property Policy, approved November 19, 1998.
- C. The creators have produced new and useful information as set forth in the Disclosure Statement of June 29, 2006.
- D. The RESEARCH FOUNDATION desires to acquire the right to make, use, and sell the subject intellectual property and to acquire all right, title, and interest in letters patent of the United States and foreign countries and/or other forms of legal protection, such as copyrights and trademarks, that may be granted thereon.

In consideration of the mutual benefits to be derived hereunder, the parties agree as follows:

- 1. Assignment. The creators assign to the RESEARCH FOUNDATION the right to make, the right to sell the subject intellectual property, and in any improvements on the subject intellectual property heretofore or hereafter made or acquired by the creators; all right, title, and interest in any patents on the subject invention and its improvements that may be granted in the United States or any foreign country, in any applications for such patent, in each reissue or extension of the patent, and in any other form of legal protection, such as copyrights and trademarks, that may be granted thereon.
- 2. Cooperation. The creators agree to cooperate with the RESEARCH FOUNDATION such that the RESEARCH FOUNDATION may enjoy to the fullest extent the rights conveyed hereunder. Included with the scope of this duty is cooperation in such proceedings, involving the United States and foreign applications and patents, copyrights, and trademarks, as opposition, cancellation proceedings, priority contests, public use proceedings, court actions, and the like. The creators also agree to provide and/or include such know-how as may be necessary for effective commercialization by a licensee.
