ASSIGNMENT

WHEREAS, Irina Tcherepanova, Aijing Starr and Brad Lackford, hereinafter referred to as "ASSIGNOR", have invented and are the owners of an invention entitled "Improved Primers and Probes for the Amplification and Detection of HIV GAG REV and NEF Polynucleotides", said invention being fully set forth and described in the application for Letters Patent of the United States which has been prepared in connection with said invention, and which has been signed by ASSIGNOR concurrently herewith;

WHEREAS, ARGOS THERAPEUTICS, Inc., a corporation organized and existing under and by virtue of the laws of the State of Delaware, and engaged in business at 4233 Technology Drive, Durham, NC 27704 and Kirin Beer Kabushiki Kaisha, a corporation organized and existing under and by the virtues of the laws of Japan, and engaged in business at 10-1, Shinkawa 2-chome, Chuo-ku, Tokyo 104-8288 JAPAN, hereinafter referred to as ASSIGNEES, are desirous of acquiring the said invention and any and all applications for Letters Patent and any and all Letters Patent of the United States and foreign countries which may be issued therefor;

NOW THEREFORE, be it known that for valuable consideration, we have sold and by these presents do hereby sell, assign, transfer and convey unto the said assignees, its successors and assigns, the entire right, title and interest in and to said invention and application, and in and to any and all continuations, continuations-in-part, or divisions thereof, and in and to all Letters Patent of the United States and all foreign countries or reissues and reexaminations thereof which may be granted thereof or thereon, for the full end of the term for which said Letters Patent may be granted, together with the right to claim the priority of said application in all foreign countries in accordance with the International Convention, the same to be held and enjoyed by said assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by me if this assignment and sale had not been made.

We hereby covenant and agree that, at the same time of execution and delivery of these presents, we possess full title to the invention and application above-mentioned, and that we have the unencumbered right and authority to make this assignment.

We further covenant and agree and bind our heirs, legal representatives and assigns, promptly to communicate to said assignee and its representatives any facts known to us relating to said invention, to testify in any interference or legal proceedings involving said invention, to execute any additional papers which may be requested to confirm the right of the assignee, its representatives, successors or assigns to secure patent or similar protection for the said invention in all countries and to vest in the assignee complete title to the said invention and Letters Patent, without further compensation, but at the expense of said assignee, its successors, assigns and other legal representatives.

We hereby authorize and request the following attorneys to insert here in parenthesis (Application Number , filed) the filing date and application number of said application when known.
