ASSIGNMENT

Pursuant to the Contribution Agreement effective April 1, 2011, and for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Calnetix, Inc., a California corporation (hereinafter called "the Assignor"), hereby sells, assigns and transfers to Calnetix Technologies, L.L.C., a limited liability company of Delaware, and its successors and assigns (collectively hereinafter called "the Assignee"), all right, title, and interest throughout the world in and to the patent and patent applications listed on Exhibit A, together with the inventions described therein and any and all United States and foreign applications and patents, utility patents and models, continuations, continuations-in-part, divisionals, reexaminations, reissues, and design registrations therefor, and the right to claim priority based on the filing date of said applications under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes, all of the foregoing to be held and enjoyed by Assignee for its own use and for the use of its successors and assigns, together with right to all of the income, royalties, damages and payments now or hereafter due or payable with respect thereto and all claims for damages by reason of past, present and future infringement of the rights assigned under this Assignment with the right to sue for and collect the same for its own use and benefit and the use and benefit of its successors and assigns as fully and entirely as the same would have been held and enjoyed by Assignor if this transfer to Assignee had not been made. Assignor will, when requested and at its expense, execute, deliver and acknowledge all such further documents and do and perform all such other acts and things as are needed and that Assignee may reasonably require to effectuate this assignment, transfer and recordation thereof. Assignor will provide such assistance as Assignee may reasonably request in connection with any enforcement or defense of the patents or patent applications, including by providing any documents, testimony, and other cooperation.

By: 

Andrea Matiauda  
General Counsel and Corp. Secretary

State of California

County of Orange;

On July 26, 2011 before me, S. BARBER

(Notary Public), personally appeared ANDREA MATIAUDA (name of signatory) who provided to me on the basis of satisfactory evidence to be the person whose name is subscribed to within the instrument and acknowledged to me that she executed the same in her authority capacity, and that by her signature on the instrument the person, or the entity upon behalf of which the person acted, executed this instrument.

I certify under PENALTY OF PERJURY under the laws of the State of California that the foregoing paragraph is true and correct.

WITNESS my hand and official seal.
