ASSIGNMENT

WHEREAS, the undersigned, hereinafter referred to as Assignors, have invented

LOW PROFILE VALVE STEM SEAL IN CYLINDER HEAD

for which a United States Utility Patent Application, U.S. Serial No. _____,
was filed _____; and

WHEREAS, **Freudenberg-NOK General Partnership**, having a place of business at
47690 East Anchor Court, Plymouth, Michigan 48170, hereinafter referred to as Assignee, is
desirous of acquiring an interest therein:

NOW, THEREFORE, for good and valuable consideration, the receipt whereof is hereby
acknowledged, Assignors by this written document do sell, assign and transfer unto Assignee
and its successors in interest, the full and exclusive right in the United States of America and all
foreign countries, including the right to claim priority under the laws of the United States and the
Paris Convention, to the said invention described above, said invention and all United States
applications for patent and all Letters Patent therefor to be held and enjoyed by Assignee to the
full end of the term for which said Letters Patent are granted and any extensions thereof as fully
and entirely as the same would have been held by Assignors had this assignment and sale not
been made; and Assignors hereby covenant and agree to execute all instruments or documents
required or requested for the making and prosecution of United States application for patent and
all foreign countries on, for litigation regarding, or for the purpose of protecting title to the said
invention, the United States application for patent, or Letters Patent therefore for the benefit of
Assignee without further or other compensation than that above set forth; and Assignors hereby
request the Commissioner of Patents and Trademarks to issue said Letters Patent of the United
States of America to Assignee.
