ASSIGNMENT (Page 1 of 3)

In consideration of good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I/we, **John Dinh**, the undersigned Assignor(s), believing to be the joint inventor(s) of any and all new and useful improvements disclosed in the application for the United States patent entitled

VARIABLE IMPEDANCE MEMORY DEVICE HAVING SIMULTANEOUS PROGRAM AND ERASE, AND CORRESPONDING METHODS AND CIRCUITS

hereby sell, assign, and transfer to **Adesto Technologies Corporation**, a California Corporation, having a principal place of business at **1225 Innsbruck Drive, Sunnyvale, California 94089**, ("Assignee"), and its successors, assigns, and legal representatives, the entire right, title, and interest for the United States and all foreign countries, in and to any and all improvements that are disclosed in the same patent application

X which was filed with the United States Patent and Trademark Office on **25 September 2009**, and which was assigned Application Number **12/566,790**.

I/We hereby further sell, assign, and transfer to Assignee said application and all nonprovisional applications, divisional applications, continuation applications, continued prosecution applications, continuation-in-part applications, substitute applications, renewal applications, reissue applications, reexaminations, extensions, and all other patent applications that have been or shall be filed in the United States and all foreign countries on any of said improvements; and in and to all original patents, reissued patents, reexamination certificates, and extensions, that have been or shall be issued in the United States and all foreign countries on said improvements; and in and to all rights of priority resulting from the filing of said United States application; and the right to file foreign applications directly in the name of the Assignee and to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties or otherwise.

I/We agree that said Assignee may apply for and receive a patent or patents for said improvements in its own name; and that, when requested, without charge to, but at the expense of, said Assignee, its successors, assigns, and legal representatives, to carry out in good faith the intent and purpose of this Assignment, the undersigned will execute all nonprovisional applications, divisional applications, continuation applications, continued prosecution applications, continuation-in-part applications, substitute applications, renewal applications, reissue applications, reexaminations, extensions and all other patent applications on any and all said improvements; execute all rightful oaths, assignments, powers of attorney, and other papers; communicate to said Assignee, its successors, assigns, and representatives all facts known to the undersigned relating to said improvements and the history thereof; and generally assist said

Assignee, its successors, assigns, or representatives in securing and maintaining proper patent protection for said improvements and for vesting title to said improvements, and all applications for patents and all patents on said improvements, in said Assignee, its successors, assigns, and legal representatives.
