ASSIGNMENT

For valuable consideration, **Cavotec (SWISS) SA**, a corporation of Switzerland (hereinafter referred to as "Assignor") hereby assigns to **IPALCO BV**, a corporation the Netherlands (hereinafter referred to as "Assignee"), the entire right, title and interest throughout the world in the invention and improvements which are the subject of patents or applications for patent listed in Exhibit A, this assignment including said patents and applications for patent, any and all United States and foreign patents granted for any of said inventions or improvements, including all divisions, continuations, reissues, continuations-in-part and extensions thereof, and the right to claim priority based on the filing date of said application and based on the filing date of any provisional application of which said application claims the benefit under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes; and Assignor authorizes the Assignee to apply in all countries in the name of the inventors or in its own name for patents and like rights of exclusion and for inventor's certificates for said inventions and improvements; and Assignor agrees for itself, its heirs, legal representatives and assigns, without further compensation, upon request to perform such lawful acts, to promptly provide Assignee with all pertinent facts and documents relating to said invention or application as may be known and accessible to me, to testify in any interference or litigation related to said invention or application and to sign such further applications, assignments, Preliminary Statements and other lawful documents as the Assignee may reasonably request to effectuate fully this Assignment.

The Assignor hereby covenants that no assignment, sale, agreement, or encumbrance has been or will be made or entered into which would conflict with this Agreement.

This Assignment shall be effective as of March 2, 2011.
