ASSIGNMENT

I, Paul C. DENNY, of Los Angeles, California, US, am a co-inventor of the inventions and improvements which are the subject of U.S. Provisional Application No. 60/459,878, filed April 1, 2003 and entitled CARIES RISK TEST FOR PREDICTING AND ASSESSING THE RISK OF DISEASE; and PCT Application No. PCT/US2004/010169, filed April 1, 2004 and entitled CARIES RISK TEST FOR PREDICTING AND ASSESSING THE RISK OF DISEASE (Publication No. WO 2004/089187).

For valuable consideration, I hereby assign to: **Proactive Oral Solutions, Inc.**, a California corporation, having a place of business at: 2921 St. Albans Drive, Los Alamitos, California 90720, US, and its successors and assigns (collectively hereinafter called "the Assignee"), my entire right, title and interest throughout the world in the inventions and improvements described in the applications set forth above; this assignment including said applications, any and all United States and foreign patents, utility models, and design registrations granted for any of said inventions or improvements, and the right to claim priority based on the filing date of said applications under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes; and we authorize the Assignee to apply in all countries in our name or in its own name for patents, utility models, design registrations and like rights of exclusion and for inventors' certificates for said inventions and improvements; and we agree for ourselves and our respective heirs, legal representatives and assigns, without further compensation to perform such lawful acts and to sign such further applications, assignments, Preliminary Statements and other lawful documents as the Assignee may reasonably request to effectuate fully this assignment.
