OP \$40.00 7452345

Nunc Pro Tunc Patent Assignment

Baylor College of Medicine ("Baylor"), with its principal place of business located at One Baylor Plaza, Houston, Texas 77030, U.S.A., intends to ensure that The University of Houston ("UH"), Houston, Texas, U.S.A., is a joint owner of U.S. Patent No. 7,452,345 ("the '345 patent"). The inventors of the '345 patent previously assigned all their rights in the invention of the '345 patent to Baylor, and that assignment was recorded in the United States Patent and Trademark Office at reel 014963, and frame 0126.

Now therefore, in consideration of the sum of One Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Baylor assigns to UH, its successors, assigns, and legal representatives a joint ownership in (1) the '345 patent, (2) inventions under the '345 patent, and (3) all divisions, reissues, reexaminations, renewals, substitutions, continuations, and extensions thereof, including the right to jointly with Baylor sue for and collect damages for past infringement of the '345 patent.

Baylor authorizes and requests the Commissioner of Patents and Trademarks of the U.S. Patent and Trademark Office, and any official of any other country or countries, whose duty it is to issue patents on applications as aforesaid, to issue all patents for the inventions, or patents resulting therefrom, jointly to both Baylor and UH. Baylor covenants that Baylor has full right to convey the entire interest herein assigned, and that Baylor has not executed, and will not execute, any agreement in conflict with this assignment.

Baylor further agrees to execute any and all powers of attorney, applications, assignments, declarations, affidavits, and any other papers in connection therewith, necessary or desirable in the opinion of UH, its successors, assigns, and legal representatives, to perfect such rights, title, and interest in UH, its successors, assigns, and legal representatives.

Baylor will communicate to UH, or to its successors, assigns, and legal representatives, any facts known to Baylor respecting any improvements regarding the '345 patent. At the expense of UH, Baylor shall testify in any legal proceedings, sign all lawful papers, execute all divisional, continuation, reissue, reexamination, and substitute applications, make all lawful oaths, and generally do everything possible to vest joint ownership in the '345 patent in UH. Baylor shall aid UH, its successors, assigns, and legal representatives, to obtain and enforce proper protection for the '345 patent and related inventions in all countries.

In witness of this assignment, an authorized representative of Baylor has signed below, effective nunc pro tunc, as of the date that the '345 patent issued, which was November 18, 2008.

Baylor College of Medicine

Signature: _____

Name: Adam Kuspa, PH.D.

Title: Vice President of Research

APPROVED AS TO FORM
Office of the General Counsel
Baylor College of Medicine
By: 

STATE OF TEXAS
COUNTY OF HARRIS

Before me, the undersigned, a notary public, on this day personally appeared Adam Kuspa, known to me to be the person and officer whose name is subscribed to the foregoing instrument and acknowledged to me that the same was the act of Baylor College of Medicine, and that he has executed the same as the act of Baylor College of Medicine for the purposes and consideration expressed therein, and in the capacity therein stated.

Given under my hand and seal of office on this 9th day of August, 2011.

Notary Public in and for
The State of Texas
