TITLE: DIGITAL SOUNDER MODULE AND METHOD FOR DETECTING

invented by me and described in an application for a United States patent, the specification of which was filed on November 12, 2003, and received Application Number 10/704,606 and was executed on even date herewith, and in and to all United States patents which may be granted thereon and therefor, and in and to all divisions, continuations, reissued and re-examined patents, and to any extensions thereof, said interest being the entire ownership of the patent when granted, to be held and enjoyed by my Assignee, its successors, assigns or other legal representatives, to the full end of the term, terms, or any extension or renewal thereof, for which said patent or patents may be granted, as fully and entirely as the same would have been held and enjoyed by me if this assignment, sale, and conveyance had not been made;
