ASSIGNMENT OF PATENT APPLICATION

WHEREAS, Converteam Naval Systems, Inc., having an address of 645 Alpha Drive, Pittsburgh, Pennsylvania 15238 (“Assignor”), owns the entire right, title, and, interest in and to United States Patent Application Serial No. 12/556,032 entitled “Hybrid Conditioner for a Power System” and the inventions and improvements therein disclosed (collectively the “Patent Application”); and

WHEREAS, Converteam Technology Ltd., a company incorporated in England and Wales, having an address of Boughton Road, Rugby, Warwickshire, CV21 1BU, United Kingdom (“Assignee”), is desirous of acquiring the entire right, title, and interest in and to the Patent Application.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor does hereby assign, sell, transfer, and set over unto Assignee all of its right, title, and interest in and to the Patent Application for the United States and all foreign countries and any patent which may issue therefor in the United States and all divisions, reissues, continuations, continuations-in-part, renewals, and/or extensions thereof, including all priority rights under the International Convention associated therewith for each country and the Union, Assignee to have and to hold the interests herein assigned to the full ends of the terms of any patent and any and all divisions, reissues, continuations, continuations-in-part, renewals, and/or extensions thereof, respectively, as fully and entirely as the same would have been held and enjoyed by Assignor had this assignment not been made.

The Commissioner of Patents and Trademarks is requested to issue any patent in accordance herewith. Assignor covenants that it is the lawful owner of the Patent Application and the inventions and improvements therein disclosed, that the same are unencumbered, and that Assignor has the full right to make this assignment.

Assignor further covenants that Assignee will, upon its request, be provided promptly with all pertinent facts and documents relating to the Patent Application and the inventions and improvements therein disclosed and legal equivalents in foreign countries and regions as may be known and accessible to Assignor and will testify as to the same in any interference or litigation related thereto and will promptly execute and deliver to Assignee or its legal representative any

and all papers, instruments, or affidavits required to apply for, obtain, maintain, issue, and enforce the Patent Application and the inventions and improvements and said equivalents thereof in any foreign country which may be necessary or desirable to carry out the purposes thereof.

This Assignment of Patent Application shall be binding upon the successors and assigns of Assignor and shall inure to the benefit of the successors and assigns of Assignee.

The undersigned person certifies that he is authorized to sign this Assignment of Patent Application on behalf of Assignor.

IN WITNESS WHEREOF, Assignor has caused this instrument to be executed by its duly authorized officer or attorney in fact this 2nd day of March, 2011.
