**ASSIGNMENT**

Whereas, the undersigned Inventor has made certain inventions, improvements, and discoveries (herein referred to as the "Invention") in:

**APPARATUS FOR IMPROVING EFFICIENCY AND EMISSIONS OF COMBUSTION  
WITH PERPENDICULAR OZONE ELEMENTS**

and executed, respectively, a United States patent application therefor on 1/11/2009 and filed with the United States Patent Office on 1/13/2009 as application No. 12/352,767.

And whereas, Clack Technologies LLC, a limited liability company of Kansas, having a place of business at 20181 South Stanley Road, Quenemo, Kansas 66528, (hereinafter called Clack Technologies), desires to acquire the entire right, title and interest in the said application and invention, and to any United States and foreign patents to be obtained therefor;

Now therefore, for a valuable consideration, receipt whereof is hereby acknowledged, the undersigned inventor, hereby sells, assigns, and transfers to Clack Technologies, its successors and assigns, the entire right, title and interest in the said application and invention therein disclosed for the United States and foreign countries, and in all foreign countries, including all rights to claim priority resulting from the filing of said United States application, and to any and all improvements which are disclosed in the application, and I request the Commissioner of Patents to issue any Letters Patent granted upon the inventions set forth in said applications to Clack Technologies, its successors and assigns; and I hereby agree that Clack Technologies may apply for foreign Letters Patent on said invention and I will execute all papers necessary in connection with the United States and foreign applications when called upon to do so by Clack Technologies.
