PATENT
REEL: 026836 FRAME: 0880

ASSIGNMENT

WHEREAS, We, Douglas M. Pickard, Richard Baumann, Tom Pollard, and John Hordyk residing at the addresses stated below, have made an invention entitled **Processing Apparatus and Method of Operation Thereof** for which a Patent Application has been prepared as attached hereto;

AND WHEREAS, RMT Robotics Limited (hereinafter referred to as the ASSIGNEE), a corporation organized under the laws of Canada, having a place of business at 635 South Service Rd. Grimsby, ON L3M 4E8, Canada is desirous of acquiring the same;

NOW THEREFORE, for and in consideration of One Dollar (\$1.00) and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged by us, we confirm that we have assigned, sold, transferred and set over, and by these presents to assign, sell, transfer and set over unto said ASSIGNEES the entire right, title and interest in and to (a) said invention and worldwide rights therein; (b) said applications, including all divisions, continuations, continuations in-part and substitutions thereof; and (c) all Canadian, United States and foreign patents which shall issue on said invention, including all reissues, renewals and extensions thereof, for the United States, its territories and possessions, Canada, and all foreign countries, including the right to file corresponding applications for Letters Patent on said invention in any and all foreign countries, and to claim priority under any and all treaties and conventions to which Canada is signatory, including the Paris Convention for the Protection of Industrial Property for such corresponding applications, or any division, continuation or substitution thereof, the same to be held and enjoyed by said ASSIGNEES, its assigns and successors, as fully and entirely as the same would have been held and enjoyed by us, had this assignment not been made.

We hereby represent and warranty that, as far as we are aware, with respect to all of our right, title and interest in the invention and the application, and that until the time of assignment, sale, transfer or setting over of all of our right, title and interest in and to the invention and of the application by us to the ASSIGNEE, we were, and have at all times been, the owner of all of our right, title and interest in and to the invention and of the application.

We covenant and agree that we will, at any time upon the request and at the expense of said ASSIGNEE, execute and deliver any and all papers and do all lawful acts that may be necessary or desirable, in the opinion of said ASSIGNEE, to enable and assist said ASSIGNEE to (a) obtain Letters Patent, both domestic and foreign, on said invention; (b) establish, maintain and secure title in said ASSIGNEE, its successors and assigns, to said invention, application and Letters Patent, including making such title of lawful public record; and (c) defend, establish or otherwise preserve the validity of said Letters Patent against any and all infringers, and perform such other acts as are necessary to give full force and effect to this assignment.

We represent and covenant that no assignment, mortgage, sale, license, pledge, encumbrance or alienation of said invention or patent application has been or will be made or entered into which would conflict with this assignment and sale.

We hereby authorize and request the Commissioner of Patents and Trademarks of the United States, and the Commissioner of Patents of Canada, respectively, to issue all Letters Patent based on said application and each division, continuation, substitution, reissue, renewal and extension thereof to said ASSIGNEE, its successors and assigns.

IN TESTIMONY WHEREOF, we have duly executed this assignment on the date as indicated next to our names.

First Inventor:

Douglas Pickard

Signature:

Name:

DOUGLAS PICKARD

Address:

42 Dalemere Crescent, St.
Catharines, ON L2N 7K3,
Canada

JUNE 24 / 2011

Date
