PATENT SECURITY AGREEMENT

Patent Security Agreement, dated as of August 17, 2011, by GABRIEL PERFORMANCE PRODUCTS, LLC, an Ohio limited liability company, and GABRIEL HOLDINGS, LLC, a Delaware limited liability company (individually, a “Pledgor”, and, collectively, the “Pledgors”), in favor of JPMORGAN CHASE BANK, N.A., a national banking association, as Lender (as hereinafter defined) pursuant to the Credit Agreement (as hereinafter defined).

WITNESSETH:

WHEREAS, the Pledgors are party to a Credit and Security Agreement of even date herewith (as amended, amended and restated, supplemented or otherwise modified from time to time, the “Credit Agreement”) pursuant to which the Pledgors are required to execute and deliver this Patent Security Agreement;

NOW, THEREFORE, in consideration of the premises and to induce the Lender to enter into the Credit Agreement, the Pledgors hereby agree with the Lender as follows:

SECTION 1. Defined Terms.

SECTION 2. Grant of Security Interest in Patents. Each Pledgor hereby pledges and grants to the Lender, for the benefit of the itself and its Affiliates (the “Secured Parties”), a lien on and security interest in and to all of its right, title and interest in, to and under all the following Collateral of such Pledgor:

(a) Patents of such Pledgor listed on Schedule I attached hereto; and

(b) all Proceeds of any and all of the foregoing (other than Excluded Property).

SECTION 3. Security Agreement. The security interest granted pursuant to this Patent Security Agreement is granted in conjunction with the security interest granted to the Lender pursuant to the Credit Agreement and Pledgors hereby acknowledge and affirm that the rights and remedies of the Lender with respect to the security interest in the Patents made and granted hereby are more fully set forth in the Credit Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. In the event that any provision of this Patent Security Agreement is deemed to conflict with the Credit Agreement, the provisions of the Credit Agreement shall control unless the Lender shall otherwise determine.

SECTION 4. Termination. Upon the payment in full of the Obligations and termination of the Credit Agreement, the Lender shall execute, acknowledge, and deliver to the Pledgors an instrument in writing in recordable form releasing the collateral pledge, grant, assignment, lien and security interest in the Patents under this Patent Security Agreement.

SECTION 5. Counterparts. This Patent Security Agreement may be executed in any number of counterparts, all of which shall constitute one and the same instrument, and any party hereto may execute this Patent Security Agreement by signing and delivering one or more counterparts.
