ASSIGNMENT OF PENDING PATENT APPLICATION

WHEREAS, ARTHUR C. MILLER, an individual residing at 121 Tesoro Avenue, Las Vegas, NV 89144, U.S.A., and DEAN A. ISAACS, an individual residing at 6232 Carl Avenue, Las Vegas, NV 89108, U.S.A. (collectively referred to herein as the "Assignors"), having invented certain new and useful improvements in a IMPROVED CHIP RACK WITH INTEGRATED HOLE CARD READER ("Invention"), for which a United States design patent application was filed on August 8, 2011 and assigned Application Serial No. 29/399,004 ("Application"); and

WHEREAS, TECH ART, INC., a corporation organized under the laws of Nevada and having a principal place of business at 4185 West Teco Avenue, Las Vegas, NV 89118, USA ("Assignee"), is desirous of acquiring the entire right, title, and interest in and to the Invention and the Application, including the right to sue for damages for all past infringement occurring prior to the execution date of this Assignment, and in and to any patents that may be granted therefor in the United States and in any and all foreign countries that are based in whole or in part on the Invention and/or the Application.

NOW, THEREFORE, in consideration of the sum of Ten Dollars (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignors do hereby sell, assign, convey and transfer unto Assignee the full and exclusive right to the Invention and the Application in the United States and its territorial possessions and in all foreign countries and the entire right, title, and interest in and to any and all patents which may be granted therefor or thereon in the United States and its territorial possessions and in any and all foreign countries that are based in whole or in part on the Invention and/or the Application and in and to all divisions, reissues, continuations, re-examination certificates, and extensions of or for the Invention, the Application, or any resulting patent.

Assignors hereby authorize and request the United States Patent and Trademark Office and all counterpart patent offices in foreign countries to issue any and all patents resulting in whole or in part

part from the Invention and/or the Application, when granted, to Assignee as the assignee of the entire right, title, and interest in and to the same, for the sole use and enjoyment of Assignee, its successors and assigns.

Further, Assignors agree that they will communicate to Assignee or its representatives any facts known to them respecting the Invention or the Application, and testify in any legal proceedings, sign all lawful papers, execute all division, continuation, substitution, renewal and reissue applications, execute all necessary assignment papers to cause any and all resulting patents to be issued to Assignee, make all rightful oaths and generally do everything necessary or desirable to aid Assignee, its successors and assigns, in obtaining and enforcing proper protection for the Invention, the Application and any resulting patent in the United States and in all foreign countries.

Assignors authorize any member of GrayRobinson, P.A. to insert or complete any information in this document needed to effect its recordal in the U.S. Patent and Trademark Office.
