PATENT ASSIGNMENT

PATENT ASSIGNMENT (hereinafter referred to as "Assignment") between Declude, Inc., (hereinafter referred to as "Assignor"), and DNS Enterprise, Inc. (hereinafter referred to as "Assignee").

RECITALS

WHEREAS, Assignor agrees to sell and Assignee agrees to purchase certain intangible assets presently held by Assignor;

WHEREAS, included among the assets to be purchased by Assignee are certain inventions, patents and know-how (hereinafter referred to as "Patent"), including without limitation that certain Patent set forth in **Exhibit A** attached hereto; and

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged by Assignor, Assignor hereby agrees as follows:

Assignment of Patents:

(a) Assignor hereby sells, assigns and transfers to Assignee, its successors, assigns and legal representatives, Assignor's entire right, title and interest for all countries in and to: (i) the Patent owned by Assignor listed in **Exhibit A** hereof; (ii) any and all of the inventions which are disclosed and claimed in the Patent; (iii) any and all of the inventions which are disclosed, but not claimed in the Patent; (iv) all divisional, continuing, substitute, renewal, reissue, and all other patents and applications for patent, industrial property or other related property rights in any and all countries which have been or shall be filed on any of the inventions disclosed in the Patent; (v) all original and reissued patents, industrial property or related documents, which have been or shall be issued on any such inventions disclosed in the Patent; and (vi) all rights to sue and recover for past unlicensed infringements of the Patent.

(b) Assignor authorizes and requests the respective worldwide Patent, Letters Patent and Industrial Property Offices to issue to the Assignee, its successors, assigns and legal representatives, in accordance with this Assignment, any and all patents, letters patent or industrial property on the inventions or any of them disclosed in the Patent.

(c) Assignor authorizes and agrees that the Assignee may apply for and receive patents, letters patents, industrial property or rights of any other kind for the inventions disclosed in the Patent; and may claim, in applications for said patents, letters patent, industrial property or other rights, the priority of the Patent under the provisions of the International Convention of 1883 and later modifications thereof, under the Patent Cooperation Treaty, under the European Patent Convention or under any other available international agreement.

(d) Assignor authorizes and agrees that when requested, without charge to Assignor, but at the expense of, the Assignee, its successors, assigns and legal representatives, to carry out in good faith the intent and purpose of this Assignment, the Assignor or the Assignor's executors or administrators will, for all countries, execute all divisional, continuing, substitute, renewal, reissue, and all other patent, letters patent or industrial property applications or other documents on any and all such inventions disclosed in the Patent; execute all rightful oaths, agreements, powers of attorney and other papers; communicate to the Assignee, its successors, assigns and representatives, all facts known and documents available to the Assignor relating to said inventions and the history thereof; testify in all legal proceedings (provided, the Assignor shall not be required to incur any out of pocket costs), and generally do everything possible which the Assignee, its successors, assigns or representatives shall consider desirable for aiding in securing, maintaining and enforcing proper patent protection for said inventions and for vesting title to said inventions and all applications for patents or related rights and all patents, letters patent or industrial property on such inventions, in the Assignee, its successors, assigns and legal representatives.
