REEL: 026886 FRAME: 0228

ASSIGNMENT

Whereas, I/we, Noah Scarr and Eugeny A. Lukhtanov, have invented certain new and useful improvements in "ORTHOGONAL NUCLEIC ACID AFFINITY PAIRS" for which a provisional application was filed with the United States Patent and Trademark Office on July 16, 2010, Application No. 61/365,219, and for which a utility application was filed on July 18, 2011 and assigned U.S. Serial No. 13/185,064; and

Whereas, Elitech Holding B.V., a Netherlands company, with an address at Van Rensselaerweg 4, (6956 AV) Spankeren, Netherlands, (hereinafter referred to as "ASSIGNEE"), is desirous of acquiring my/our entire right, title and interest in and to the said invention, and to the said applications and any Letters Patent that may issue thereon;

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, I/we do hereby sell, assign, and transfer unto said ASSIGNEE, its successors, assigns and legal representatives, my/our entire right, title and interest in and to said invention and in and to said application and all patents which may be granted therefor, and all divisions, reissues, reexaminations, substitutions, continuations, and extensions thereof, and I/we hereby authorize and request the Commissioner for Patents and Trademarks to issue all patents for said invention, or patent resulting therefrom, insofar as my/our interest is concerned, to said ASSIGNEE as assignee of my/our entire right, title and interest.

I/we also hereby sell and assign to said ASSIGNEE, its successors, assigns and legal representatives, my/our foreign rights to the invention disclosed in said application, in all countries of the world, including the right to file applications and obtain patents, utility models, industrial models and designs for said invention in its own name throughout the world including all rights of priority, all rights to publish cautionary notices reserving ownership of said invention and all rights to register said invention in appropriate registries; and I/we further agree to execute any and all powers of attorney, applications, assignments, declarations, affidavits, and any other papers in connection therewith necessary to perfect such rights, title and interest in ASSIGNEE, its successors, assigns and legal representatives.

I/we hereby warrant and covenant that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been or will be made to others and that the full right to convey the same as herein expressed is possessed by me/us.

I/we hereby further agree that I/we will communicate to said ASSIGNEE, or to its successors, assigns and legal representatives, any facts known to me/us respecting any improvements; and, at the expense of said ASSIGNEE, to testify in any legal proceedings, sign all lawful papers, execute all divisional, continuation-in-part, reissue, reexamination, and substitute applications, and make all lawful oaths, and generally do everything possible to vest title in said ASSIGNEE and to aid said ASSIGNEE, its successors, assigns and legal representatives to obtain and enforce proper protection for said invention and any improvements in all countries.

IN WITNESS WHEREOF, I have hereunto set my hand and seal on the date below indicated.
