## ASSIGNMENT

WHEREAS, I, the undersigned, may be considered a sole or a joint inventor of a certain new and useful invention (the "Invention") related to racquetball and other racquet sports, called RACQUET WITH RECOIL TUBES or alternatively RACQUET WITH JACKETED CROSS STRINGS, a photograph of a prototype of which is attached hereto as Exhibit A, the Invention being identified with Attorney Docket No. 31482.000064, and for which a United States patent application and possibly other patent applications may be prepared;

WHEREAS, EF Composite Technologies, L. P. (hereinafter referred to as "Assignee"), a limited partnership organized under the laws of California, with an address of 2151 Las Palmas Drive, Suite D, Carlsbad, California 92011, desires to acquire my entire right, title and interest in and to the Invention, and in and to said application(s) and any patent that may issue thereon;

NOW, THEREFORE, for and in consideration of One Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I assign to Assignee, all right, title and interest in and to the Invention that I have, and in and to said application and all patents which may be granted therefor, and all divisions, reissues, continuations, and continuations-in-part thereof; and I authorize and request the Director of the United States Patent and Trademark Office to issue all patents for said invention, insofar as my interest is concerned, to Assignee.

I also assign to Assignee, all right, title and interest in and to the Invention throughout the world, including the right to file applications for and obtain patents, utility models, industrial models and designs for said invention in Assignee's own name throughout the world including all rights to publish cautionary notices reserving ownership of the Invention and all rights to register the Invention in appropriate registries; and I further agree to execute any and all powers of attorney, applications, assignments, declarations, affidavits, and any other papers in connection therewith necessary or useful to perfect such right, title and interest in Assignee.

I will communicate to Assignee any facts known to me respecting any the Invention and any improvements therefor; and, at the expense of Assignee, I will testify in any legal proceedings, sign all lawful papers, execute all divisional, continuation, continuation-in-part, reissue and substitute applications, make lawful oaths and declarations, and generally do everything possible to vest title in Assignee and to aid Assignee to obtain and enforce proper protection for the Invention in all countries.

This Assignment shall be binding on the parties' successors, assigns and legal representatives.
