ASSIGNMENT

THIS ASSIGNMENT made the 9<sup>th</sup> day of February 2005.

**BETWEEN**

**HENKEL LOCTITE (IRELAND) LIMITED**, of Tallaght Business Park, Whitestown, Tallaght, Dublin 24, Ireland (hereinafter called "the Transferor") of the one part; and

**LOCTITE (R&D) LIMITED**, of Tallaght Business Park, Whitestown, Tallaght, Dublin 24, Ireland (hereinafter called "the Transferee") of the second part

**WHEREAS GEOFFREY FRANCIS SEYMOUR** of Sugar Loaf Farm, Kilmacanogue, Co. Wicklow, Ireland, and **DAVID JAMES GIBSON** of 19 Priory View, St. Raphaels Manor, Celbridge, Co. Kildare, Ireland (hereinafter called "the Inventors") claim to be the true and first inventors of modifications to an invention relating to "A Dispensing Nozzle and Cap" and authors of related designs which invention and designs were made by them out of and in the course of their employment with the Transferor

**AND WHEREAS** the inventors held the modified invention and all patent, design and other rights and powers obtainable and exercisable in respect thereof in trust for the Transferor

**AND WHEREAS** the said modified invention is to be included in a patent application entitled "A Dispensing Nozzle and Cap"

**AND WHEREAS** by an Assignment dated the 9<sup>th</sup> day of February 2005 the inventors have assigned to the Transferor absolutely the modified invention, the design, copyright and any improvements therein or modifications thereof, and any know-how relating thereto together with all rights and interests in the same including the right to a patent, design and all rights and powers to make

applications for patents in the name of the Transferor, or in the name of their assignee or nominee, as sole or joint applicants, in Ireland or in or for any other country of the world whether under the Patent Co-operation Treaty or otherwise in respect of the modified invention or the design or improvements therein or modifications thereof, together with all rights and benefits arising therefrom under the International Convention for the Protection of Industrial Property or the Treaty Establishing the World Trade Organisation

**AND WHEREAS** by virtue of a Technology Transfer Agreement dated the 23 December 1997 the Transferor transferred to the Transferee certain patents and patent applications and intangibles relating to the patents and patent applications and certain other intangibles relating to the development of inventions relative to chemical products or adhesives and all other intangibles which the Transferor possesses

**AND WHEREAS** in pursuance of the said Technology Transfer Agreement the Transferor has agreed to assign to the Transferee all that which the Inventors have assigned to the Transferor

**NOW THIS ASSIGNMENT WITNESSETH** as follows:

1. In consideration of the sum of Euro €1.00 paid by the Transferee to the Transferor (the receipt of which is hereby acknowledged), the Transferor hereby assigns to the Transferee absolutely the modified invention, the design, copyright and any improvements therein or modifications thereof and any know-how relating thereto with all rights and interests in the same including the right to a patent and to a design registration, and all rights and powers to make applications for patents in the name of the Transferee, or in the name of their assignee or nominee, as sole or joint applicants, in Ireland or in or for any other country of the world whether under the Patent Co-operation Treaty or otherwise therein respect of the invention the designs or improvements in or modifications thereof, together with all rights and benefits arising therefrom under the International Convention for the Protection of Industrial Property or the Treaty Establishing the World Trade Organisation.

2. The Transferor hereby covenants with the Transferee as follows:

(i) that it will (so far as necessary) permit and enable the Transferee to apply for and will take all reasonable steps to assist the Transferee or its assignee or nominee in obtaining the grant of patent, registration of design or like protection in respect of the invention or design hereinbefore assigned in any territory as may be required by the Transferee

(ii) that it will at the request and cost of the Transferee execute and do all such documents, acts and things as may be necessary for the purpose of subparagraph (i) hereof and for vesting any relevant invention, application for patent, patent or know-how, in the Transferee or its assignee or nominee absolutely.

IN WITNESS WHEREOF this Assignment has been executed the day and year first herein written.

ASSIGNMENT

**THIS ASSIGNMENT** made the 9<sup>th</sup> day of February 2005

**BETWEEN**

**GEOFFREY FRANCIS SEYMOUR** of Sugar Loaf Farm, Kilmacanogue,  
Co. Wicklow, Ireland,

**DAVID JAMES GIBSON**, of 19 Priory View, St. Raphaels Manor,  
Celbridge, Co. Kildare, Ireland, (hereinafter called "the inventors") of the one  
part; and

**HENKEL LOCTITE (IRELAND) LIMITED**, of Tallaght Business Park,  
Whitestown, Tallaght, Dublin 24, Ireland (hereinafter called "Loctite") of the  
second part

**WHEREAS** the inventors claim to be the true and first inventors of an  
invention relating to a "A Dispensing Nozzle and Cap" and authors of related  
designs which invention and designs were made by them out of and in the  
course of their employment with Loctite and which is described in and in  
relation to which a patent application was filed on 9<sup>th</sup> February 2004 under  
application no. 2004/0076 and a Registered Community design application  
filed on 9<sup>th</sup> February 2004;

**AND WHEREAS** the inventors have made some modifications to said  
invention and design, for which an International Application is to be filed

**AND WHEREAS** the inventors hold the invention and all patent, design and  
all rights and powers obtainable and exercisable in respect thereof in trust for  
Loctite

**NOW THIS ASSIGNMENT WITNESSETH** that in consideration of  
the remuneration which the inventors receive for their work:

1. The inventors as Trustees hereby assign to Loctite absolutely the modified invention, the design, copyright and any improvements in or modifications thereof, and any know-how relating thereto together with all rights and interests in the same including the right to a patent, design, copyright and all rights and powers to make applications for patents and applications for design registrations in the name of Loctite, or in the name of their assignee or nominee, in Ireland and or in or for any other country of the world whether under the Patent Co-operation Treaty or otherwise in respect of the modified invention or the design or improvements in or modifications thereof, together with all rights and benefits arising therefrom under the International Convention for the Protection of Industrial Property or the Treaty Establishing the World Trade Organisation.

2. The inventors hereby covenant with Loctite as follows:

(i) that they will (so far as necessary) permit and enable Loctite to apply for and will take all reasonable steps to assist Loctite or its assignee or nominee in obtaining the grant of patent or registration of design or like protection in respect of the modified invention or design hereinbefore assigned in any territory as may be required by Loctite

(ii) that they will at the request and cost of Loctite execute and do all such documents, acts and things as may be necessary for the purpose of subparagraph (i) hereof and for vesting any relevant invention, application for patent, patent, know-how, copyright or design in Loctite or its assignee or nominee absolutely.

3. The inventors hereby irrevocably appoint Loctite as their Attorney in their name to execute and do any document act or thing which may be necessary to comply with the provisions of Clause 2 hereof.

**IN WITNESS WHEREOF** this Assignment has been executed the day and year first herein written.
