ASSIGNMENT

THIS ASSIGNMENT, made by me, Bantval Jayant Baliga, a citizen of the United States of America, residing at Raleigh, County of Wake, State of North Carolina,

WITNESSETH: That,

WHEREAS, I am the sole inventor of certain new and useful improvements in HIGH VOLTAGE SILICON CARBIDE MESFETS AND METHODS OF FABRICATING SAME for which an application for United States Letters Patent has been executed by me concurrently herewith, and

WHEREAS, North Carolina State University at Raleigh, a constituent institution of The University of North Carolina and an educational institution chartered under the laws of the State of North Carolina having a principal office at Raleigh, County of Wake, State of North Carolina, hereinafter referred to as assignee, is desirous of acquiring the entire right, title and interest in and to said invention as described in said application, and in and to any and all Letters Patent which shall be granted therefor in the United States of America and all foreign countries;

NOW, THEREFORE, To Whom It May Concern, be it known that for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I have sold and by these presents do hereby sell, assign, transfer and convey unto the said assignee, its successors and assigns, the entire right, title and interest in and to the said invention and application, and in and to any and all continuations, continuations-in-part, or divisions thereof, and in and to any and all Letters Patent of the United States of America and all foreign countries or reissues thereof which may be granted therefor or thereon, for the full end of the term for which said Letters Patent may be granted, together with the right to claim the priority of said application in all foreign countries in accordance with the International Convention, the same to be held and enjoyed by said assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by me if this assignment and sale had not been made.
