TERMINATION OF SECURITY AGREEMENT

TERMINATION OF SECURITY AGREEMENT, between John Francis Baxter, Jr. and Mario Cytrynbaum (the "Termination").

Affected U.S. Patents: 6385306, 6765996, 6839412 and 7031439

Recitation of the Facts: John Francis Baxter, Jr. (the "Assignor") and Mario Cytrynbaum (the "Assignee"), executed a Power of Attorney, dated September 16, 2008 (the "Agreement"). Pursuant to the terms of the Agreement, the Assignee agreed to certain financial obligations in consideration for the assignment of above-mentioned patents from Assignor to Assignee. The Assignee did not fully or substantially perform its obligations under the Agreement. Assignee's breach of the Agreement rendered all rights and obligations of the Agreement null and void. Due to rescission of the Agreement, this Termination shall be effective on the date of execution of the Agreement. As such, the Assignor does not waive any rights the Assignor may have under U.S. Code due to the Assignee's infringement of the Assignor's intellectual property rights and due to the Assignee's breach of the Assignor's contractual rights.
