New Wave Group Licensing S.A., a company incorporated under the laws of Switzerland with its principal place of business at Chemin des Polonais 3, CH-2016 Cortaillod, Switzerland (“Assignee”), desires to acquire the Patents.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby assigns to Assignee, for its own use and benefit, and for the use and benefit of its successors, assigns, and other legal representatives, all of Assignor’s full and exclusive right, title, and interest in and to the Patents and the underlying inventions that are the subject of the Patents, including, without limitation, (i) any reexaminations, extensions, and reissues thereof and any divisionals, continuations, continuations-in-part, and any other applications or patents that claim priority from the Patents and any corresponding foreign patents and patent applications; (ii) all enhancements, derivatives, and modifications of the Patents or the underlying inventions that are the subject of the Patents, and all drawings, designs, and models thereof; (iii) other documents evidencing or embodying the inventions which are the subject of the Patents; (iv) the right to prosecute and maintain the Patents or any patent or patent application included in (i) above; and (v) all rights of action, powers, and benefits to the Patents, due or accrued, including the right to sue for and recover the same in the name of Assignee, its successors, assigns, and other legal representatives, all rights to injunctive relief, damages, profits, costs, and attorney fees, due or accrued, arising out of past, present, and future infringement of the Patents.

Assignor and Assignee agree to execute, acknowledge, and deliver such further instruments, and to do all such other acts, as may be necessary or appropriate or as Assignee may reasonably request from time to time to fully effect or perfect in Assignee all right, title, and interest in and to the Patents and otherwise carry out the purposes and intent of this Patent Assignment.

DATED: July 29, 2011.

Assignor:  
AHEAD, INC.
