PATENT ASSIGNMENT

WHEREAS, Gaymar Industries, Inc., having a place of business at 10 Centre Drive, Orchard Park, New York 14127 (hereinafter referred to as Assignor), is the current record owner of the inventions, patents, and patent applications listed on Schedule A and Schedule B ("Assigned Patents"):

WHEREAS, Stryker Corporation, a corporation of the State of Michigan, having a place of business at 2825 Airview Boulevard, Kalamazoo, Michigan 49002 (hereinafter referred to as Assignee), is desirous of acquiring the entire right, title and interest in and to the Assigned Patents, and any patents that may be granted therefor in the United States and in any and all foreign countries.

NOW, THEREFORE, in consideration for good and valuable considerations, Assignor hereby sells, assigns and transfers unto said Assignee the full and exclusive right, title and interest to the Assigned Patents, including the right to sue for past infringements thereof, in the United States and in all foreign countries, and the entire right, title and interest in and to any and all Letters Patent which may be granted therefor in the United States and in any and all foreign countries, and in and to any and all divisions, reissues, continuations, continuation-in-part, and extensions thereof including the full right to claim for any such applications the benefits of the International Convention.

Assignor hereby authorizes and requests the Patent Office Officials in the United States and in any and all foreign countries to issue any and all of said Letters Patent, when granted, to said Assignee as the owner of the entire right, title and interest in and to the same, for the sole use of said Assignee, its successors and assigns.

FURTHER, Assignor agrees to communicate to said Assignee or its representatives any facts known to Assignor respecting said invention, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuation, continuation-in-part, substitution, renewal, and reissue applications, execute all necessary assignment papers to cause any and all of said

Letters Patent to be issued to said Assignee, make all rightful oaths and generally do everything possible to aid said Assignee, its successors and assigns, to obtain and enforce proper protection for said invention in the United States and in any and all foreign countries.

IN TESTIMONY WHEREOF, I have hereunto set my hand on the date appearing next to my signature.
