ASSIGNMENT

This Assignment is made by LOCKWOOD, Aaron John of 721 Gladiola Avenue, Victoria, British Columbia, V8Z 2T2, Canada and JOHNSTON, Brock, of 6483 Torin Road, Brentwood Bay, British Columbia, V8M 2H5, Canada (collectively the "Assignors") to Carmanah Technologies Corp. having a place of business at Building 4, 203 Harbour Road, Victoria, British Columbia, V9A 3S2, Canada (the "Assignee");

WHEREAS, Assignors are the inventors of a new and useful invention (the "Invention") entitled SOLAR POWERED AIRFIELD LIGHT for which a Patent Cooperation Treaty patent application will be filed substantially contemporaneously with the filing of this assignment (the "Application");

WHEREAS, Assignors believe themselves to be the first, original and joint inventors of the Invention disclosed and claimed in said Application; and

WHEREAS, Assignee desires to acquire by formal, recordable assignment the entire worldwide right, title and interest in and to said Invention, said Application, and any patent that may be granted for said Invention anywhere in the world;

NOW, THEREFORE, in consideration of the sum of Ten Dollars (\$10.00) and of other good and valuable consideration, the receipt and sufficiency of which are hereby

acknowledged, Assignors hereby sell, assign and transfer to Assignee, the entire worldwide right, title and interest in and to said Invention, said Application, any applications in other countries for the same Invention and any patent that may be granted for said Invention anywhere in the world, including the right to file foreign applications directly in the name of the Assignee and to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties or otherwise.

Further, Assignors agree that, upon request and without further compensation, but at no expense to Assignors, they and their legal representative(s) and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing or enforcing any patent as may issue anywhere in the world for said Invention, and for perfecting, recording or maintaining the title of Assignee, its successors and assigns, to said Invention, said Applications, and any patent granted for said Invention anywhere in the world.

Assignors represent and warrant that they have not granted and will not grant to any other any rights inconsistent with the rights granted herein.

Assignors authorize and request the Commissioner of Patents and Trademarks of the United States and the Commissioner of Patents of Canada and of all foreign countries or patent organizations to issue any patent granted for said Invention, whether on said Applications or on any subsequently filed division, continuation, continuation-in-part or reissue application, to Assignee, its successors and assigns, as the assignee of the entire interest in said Invention.

IN WITNESS WHEREOF, Assignors have executed this Assignment on the date(s) written herein below.
