## PATENT ASSIGNMENT

WHEREAS, Koninklijke Philips Electronics N.V is a company organized and existing under the laws of the Netherlands, at Groenewoudseweg 1 5621 BA Eindhoven, The Netherlands, (hereinafter "Philips") is the owner record of United States Patent No. 6806909 (hereinafter the "Patent");

WHEREAS, IPG Electronics 503 Limited is a company organized and existing under the laws of Guernsey, Channel Islands, at Trafalgar Court, Les Banques, St Peter Port, Guernsey, GY1 3DA, (hereinafter the "Purchaser") has acquired the entire interest in and to the Patent;

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and subject to the terms of a Purchase Agreement (not attached hereto), Philips for itself and its affiliates, hereby sells, assigns, and transfers all right, title, and interest in and to the Patent, and any and all improvements disclosed in the Patent, as fully set forth and described in the disclosure, and all divisional, continuing, substitute, renewal, reissue, and all other applications for letters patent derived from the aforesaid patent applications which have been or shall be filed in the United States or any other jurisdictions, including all causes of action, claims, demands or other rights occasioned from or because of any and all past, present and future infringement thereof, including without limitations all rights to recover damages (including without limitation attorneys' fees), profits and injunctive or other relief for such infringement, and now being the same for said Purchaser's own use and for the use of its assigns, successors, and

legal representatives to the full end of the term for which said letters patent may be granted, as fully and entirely as the same would have been held and enjoyed by Philips and its affiliates, as applicable, had this assignment and sale not been made.

And Philips for itself and its affiliates, and their respective heirs, assigns, and legal representatives hereby further covenants to and with said assignee Purchaser, its assigns, successors, and legal representatives to fully cooperate therewith in perfecting this assignment in the United States and in any and all foreign jurisdictions, said cooperation extending to any United States or foreign divisional, continuing, substitute, renewal, reissue, or any other application derived from the Patent, and including the execution of additional assignments or other formal documents as may be required in connection therewith.

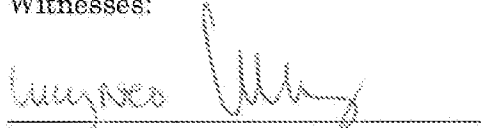

Philips warrants that the rights and property herein conveyed are free and clear of any encumbrance.
