**PATENT
REEL: 027001 FRAME: 0552**

**ASSIGNMENT
JOINT**

The terms of this patent rights Assignment, by Mark Grechanik and Chen Fu ("Assignors"), respectively residing at 3300 N. Lake Shore Dr., Apt. 16E, Chicago, IL, and 6631 Breckenridge Rd., Lisle, IL 60532, are as follows:

WHEREAS, the Assignors made the inventions described in a patent application entitled **TESTING FOR RULE-BASED SYSTEMS** which has been or will be filed in the United States, which bears attorney docket number 10761.2446-00, and which has a [Date] filing date and a [Number] Serial Number that are stated herein if this information is available; and

WHEREAS, pursuant to their employment, the Assignors are obligated to assign their inventions and related patent rights either to certain Accenture Entities within the Accenture Group (comprising Accenture Limited and its subsidiaries) or to persons or entities designated by any such Accenture Entities; and

WHEREAS, each such Accenture Entity within the Accenture Group has entered into contractual arrangements pursuant to an Intellectual Property Services Agreement with Accenture Global Services Limited, a limited liability company duly organized under and pursuant to the laws of Ireland as a judicial person, and having a place of business at 3 Grand Canal Plaza, Grand Canal Street Upper, Dublin 4, Ireland, to authorize immediate assignment or to immediately assign to Accenture Global Services Limited all inventions, patent applications, Letters Patent or Patents and other intellectual property developed by such Accenture Entity and its employees, agents, consultants and others; and

WHEREAS, pursuant to these arrangements Accenture Global Services Limited acquires the entire right, title and interest in and to the aforementioned inventions, identified patent application, all corresponding other patent applications filed in any country, and in and to any Letters Patent or Patents obtained thereon in any country.

NOW, THEREFORE, for good, valuable and legally sufficient consideration for each Assignor **provided by the applicable employing Accenture Entity**, the receipt of which is hereby acknowledged by all Assignors, the Assignors by this Assignment document exclusively sell, assign and transfer or confirm a previous exclusive sale, assignment and transfer to Accenture Global Services Limited of all their right, title and interest in and to the aforementioned inventions, patent applications and Letters Patent or Patents which may be granted therefore or thereon in any country, and in and to all divisions, continuations and continuations-in-part of any such patent applications, or reissues, reexaminations, renewals and extensions of any such Letters Patent or Patents; with the full right to claim for all such patent applications all benefits and priority rights under any applicable convention, treaty or legislation, and with the right of Accenture Global Services Limited to sue and obtain relief, including damages, profits and an injunction, for any infringement occurring before or after issuance of the Letters Patent or Patents (hereinafter all such rights collectively referenced as the "Patent Rights"); these Patent Rights to be held and enjoyed for the sole and exclusive use and benefit of Accenture Global Services Limited, its successors and assigns, to the full end of the term or terms for which Letters Patent or Patents may be granted, as fully and entirely as any such Patent Rights would have been held and enjoyed by the Assignors had a sale, assignment and transfer of such Patent Rights not been made.

For the above-recited consideration, each of the Assignors covenants, warrants and agrees that the aforementioned exclusive sale, assignment and transfer of Patent Rights to Accenture Global Services Limited by Assignor is lawful, effective, and complete in that it fulfills Assignor's obligation to ensure that any and all Patent Rights Assignor may have are passed to Accenture Global Services Limited. Assignor also covenants, warrants and agrees that all Patent Rights obtained by Accenture Global Services Limited from Assignor are unencumbered at the time the Patent Rights are received by Accenture Global Services Limited, and that Accenture Global Services Limited obtains good and clear title to all such Patent Rights that are sold, assigned and transferred to Accenture Global Services Limited with the full right and lawful authority to do so at the time and in the manner set forth herein.

For the above-recited consideration, each of the Assignors hereby covenants and agrees to execute and deliver to Accenture Global Services Limited, its successors, legal representatives or assigns, all papers and documents that may be required to carry out the terms of the sale, assignment and transfer of Patent Rights to Accenture Global Services Limited, and take all lawful oaths, provide testimony, and do all lawful acts necessary or required to be done to reasonably assist Accenture Global Services Limited, its successors, legal representatives or assigns in any interference, litigation or other proceeding in any country concerning or in connection with any inventions, patent applications, Letters Patent or Patents sold, assigned and transferred as stated herein; or for the prosecution, procurement, maintenance, enforcement and defense of any such patent applications, Letters Patent or Patents, or to carry out the terms of the sale, assignment and transfer of Patent Rights to Accenture Global Services Limited, or vest in Accenture Global Services Limited, its successors and assigns, exclusive title in and to all inventions, patent applications, Letters Patent and Patents sold, assigned and transferred by Assignors, without further compensation from Accenture Global Services Limited, its successors, legal representatives or assigns, except for reasonable costs and expenses of the Assignor incident to such assistance and approved in writing by Accenture Global Services Limited, its successors, legal representatives or assigns before any such costs or expenses are incurred.

Each Assignor grants Accenture Global Services Limited a limited power of attorney to execute, or have executed, for or on behalf of that Assignor, whatever papers are required to file or prosecute patent applications and obtain Letters Patent or Patents in any country for the inventions sold, assigned and transferred by the Assignor, with the understanding and agreement that the exercise of this limited power of attorney by Accenture Global Services Limited or its attorneys or representatives gives the Assignor no rights with respect to any of the Patent Rights sold, assigned and transferred to Accenture Global Services Limited, nor establishes any attorney-client relationship between Assignor and Accenture Global Services Limited or Assignor and any attorney working on behalf of Accenture Global Services Limited. Each Assignor also agrees there is no actual or implied attorney-client relationship between that Assignor and any attorney representing Accenture Global Services Limited, its affiliates, subsidiaries or parent companies, by virtue of the preparation and prosecution of patent applications on behalf of Accenture Global Services Limited in any country, any employment or consulting relationship between that Assignor and Accenture Global Services Limited or any other entity, or by virtue of this Assignment document or any term thereof.

The Assignors hereby authorize and request the Commissioner of Patents of the United States or like official of any other country to issue to Accenture Global Services Limited or its designee, Letters Patent or Patents of the United States or any other country for the sole use of Accenture Global Services Limited; its successors and assigns in accordance with the terms of this Assignment document.

IN TESTIMONY WHEREOF, the Assignors have executed this Assignment document.
