TITLE OF INVENTION:

ELECTRIC ARC FOR AQUEOUS FLUID TREATMENT

The Assignor is the co-owner of the above-referenced invention and co-owner of the above-referenced to be filed United States Patent Application, and the Assignee, who is the other co-owner, is desirous of acquiring Assignor's ownership rights, such that Assignee will solely possess all rights, title and interest to the above-referenced invention and to be filed United States Patent Application. In consideration of Ten Dollars (\$10.00) and other good and valuable consideration, the receipt of which is hereby acknowledged, the Assignor hereby assigns to the Assignee, including its successors, assigns, heirs, administrators, all of the Assignor's right, title and interest in and to the invention and the to be filed patent application therefor, and to any future continuation, divisional, continuation-in-part or any other application which claims the benefit of and priority to the above-identified invention and to be filed application, including the right to sue for damages for all past infringement occurring prior to the execution date of this Assignment, and to any and all patents which may evolve therefrom;

The Assignor also assigns all of his right, title and interest in and to said invention in all foreign countries, and all applications for Patent or Letters Patent in foreign countries on said invention and any Patents or Letters Patents which may evolve therefrom, including the right to claim International Convention priority; and

The Assignor agrees to execute any papers or perform any acts required to establish, vest or protect the Assignee's rights therein or required by Assignee to obtain said patent, without any additional payment therefor, but without any expense to Assignor.
