PATENT ASSIGNMENT

WHEREAS, Wing-Yee Au having an address at 19830 Viewbridge Drive, Saratoga, California 95070, and Alan Rowe, having an address at 6443 Curie Court, San Jose, California 95123 (hereinafter "Assignors"), have invented certain subject matter and are the joint inventors of an invention entitled "STORAGE SYSTEM HAVING CROSS NODE DATA REDUNDANCY AND METHOD AND COMPUTER READABLE MEDIUM FOR SAME," as described and claimed in the specification forming part of an application for United States letters patent executed herewith, and which application claims priority to U.S. Provisional Application No. 61/391,962, filed October 11, 2010; (hereinafter "the Applications"); and

WHEREAS, INTRANSA, INC., (hereinafter "Assignee") a Corporation having a registered office at 10710 North Tantau Avenue, Cupertino, California 95014 is desirous of acquiring all right, title and interest in and to the Applications, and to the inventions disclosed therein;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, be it known that Assignors have sold, conveyed, assigned and transferred, and does hereby sell, convey, assign, transfer and set over unto Assignee, the entire right, title and interest in and to: (i) the Applications and all the inventions claimed or disclosed in such Applications; (ii) all pending applications and all provisional applications, divisional applications, continuation applications, continuation-in-part applications, continued prosecution applications, substitute applications, renewal applications, reissue applications, reexaminations, extensions, and all other patent applications that have been or shall be filed in the United States and all foreign countries on any of said inventions or improvements, or claiming priority to or relying on the disclosure of the Applications, or to which the Applications directly or indirectly claims priority; (iii) all original patents, reissued patents, reexamination certificates, and extensions, that have been or shall be issued in the United States and all foreign countries on said inventions, improvements and/or patent applications; and (iv) all rights of priority resulting from the filing of said patents and/or patent applications ((i) – (iv) collectively, the "Patents").

Said sale, conveyance, assignment and transfer includes, without limitation, all rights to enforce, assert and sue for past, present and future infringement of the Patents, all rights to collect royalties on account of the Patents, and all rights to recover and collect for past, present and future damages related to the Patents, including injunctive relief or any other remedies of any kind.

Assignors hereby authorize and request the competent authorities to grant and to issue any and all such Patents in the United States and throughout the world to the Assignee and the entire right, title and interest therein, as fully and entirely as the same would have been held and enjoyed by Assignors had this assignment not been made.

Assignors agree, at any time, upon the request of the Assignee, to execute and to deliver to the Assignee any additional applications for patents for said inventions and discoveries, or any part or parts thereof, and any applications for patents of confirmation, registration and importation based on any of the Patents issuing on said inventions, discoveries, or applications and divisions, continuations, renewals, revivals, reissues, reexaminations and extensions thereof.

Assignors further agree at any time to cooperate with Assignee, and to execute and to deliver upon request of the Assignee such additional documents, if any, as are necessary or desirable, in the prosecution of the Patents, and to secure patent protection on said inventions, discoveries and applications throughout all countries of the world, and otherwise to do such acts as are necessary to give full effect to and to perfect the rights of the Assignee under this Assignment, including the execution, delivery and procurement of any and all further documents evidencing this assignment, transfer and sale as may be necessary or desirable.

IN WITNESS WHEREOF, Assignors have caused this Patent Assignment to be signed on its behalf on this 10 day of Oct, 2011.
