Now, for valuable consideration by Assignee to Assignors, the receipt of which is hereby acknowledged, and for other good and valuable consideration, Assignee and Assignors hereby agree as follows:

Assignors hereby convey, assign, sell, and transfer to Assignee all rights, title, and interests in and to the Inventions disclosed in said listed patents and patent applications and in and to any Letters Patent of the United States (US), any continuation, division, renewal, or substitute thereof, and hereby grant to Assignee the right to apply in its own name for patents or Inventor's certificates and related rights heretofore or hereafter filed for the Inventions in any and all countries, including (without limitation) all rights to claim priority based thereon, all patents granted thereon and all reissues, extensions, and renewals thereof.

Assignors hereby covenant that no assignment, sale, agreement, or encumbrance has been or will be made or entered into which would conflict with this Assignment.

Assignors further covenant that Assignee will, upon Assignee's request, be provided promptly with all pertinent facts and documents relating to the Inventions, Patents, Applications, and any patents granted thereon, as may be known and accessible to Assignor, and Assignor will testify as to the same in any interference, litigation, or proceeding related thereto and will promptly execute and deliver to Assignee or Assignee's legal representative any and all papers, instruments, or affidavits required to apply for, protect, obtain, maintain, issue, defend, and enforce the Applications, Patents, Inventions, whether in the US or any and all foreign countries and any patents granted thereon and/or for obtaining any reissue or reissues of any patent which may be granted for the inventions and perform such further acts which may be necessary or desirable to carry out the intent of this agreement as the Assignee thereof shall hereafter require and prepare at assignee's expense.
