**PATENT ASSIGNMENT**

WHEREAS, Sandel Medical Industries, LLC, a Delaware limited liability company having a place of business at 27422 Pacific Coast Highway, Malibu, California 90265 (hereinafter "Assignor"), is the owner of the patents and patent applications (hereinafter collectively referred to as "Assigned IP") attached hereto as a list in ATTACHMENT A; and

WHEREAS, Omaha Acquisition LLC, a Delaware limited liability company corporation having a place of business at 200 Schulz Drive, Red Bank New Jersey 07701 (hereinafter referred to as Assignee), is desirous of acquiring the entire right, title and interest, including the right to sue for past infringement, in and to the Assigned IP, and the inventions disclosed therein (hereinafter referred to as Inventions), and in and to all embodiments of the Inventions, heretofore conceived, made or discovered by said Assignor, and in and to any and all patents, inventor's certificates and other forms of protection (hereinafter referred to as "Patents") thereon granted in any and all countries and groups of countries.

NOW, THEREFORE, in consideration of good and valuable consideration acknowledged by said Assignor to have been received in full from Assignee:

1. Said Assignor hereby sells, assigns, transfers and conveys to Assignee the full and exclusive right, title and interest, including the right to sue for past infringement, (a) in and to said Assigned IP and said Inventions; (b) in and to all rights to apply for patents on said Invention in any and all countries pursuant to the International Convention for the Protection of Industrial Property or otherwise; (c) in and to any and all applications filed and any and all Patents granted on said Inventions in any and all countries and groups of countries, including each and every application filed and each and every Patent granted on any application which is a division, substitution, or continuation of any such application; and (d) in and to each and every reissue or extension of any of said Patents.

2. Said Assignor hereby covenants and agrees to cooperate with Assignee to enable Assignee to enjoy to the fullest extent the right, title and interest to the Invention herein conveyed in any and all countries and groups of countries. Such cooperation by Assignor shall include prompt production of pertinent facts and documents, giving testimony, execution of petitions, oaths, specifications, declarations or other papers, and other assistance all to the extent deemed necessary or desirable by Assignee (a) for perfecting in Assignee the right, title and interest herein conveyed; (b) for prosecuting any of said applications; (c) for filing and prosecuting substitute, divisional, continuing or additional applications covering said Invention; (d) for filing and prosecuting applications for reissuance of any of said Patents; (e) for interference or other priority proceedings involving said Invention; and (f) for legal proceedings involving said Invention and any application therefor and any Patents granted thereon, including without limitation opposition proceedings, cancellation proceedings, priority contests, public use proceedings, infringement actions and court actions. Assignee agrees to pay and/or reimburse Assignor for any and all reasonable out of pocket expenses incurred by Assignor in connection with its cooperation for the benefit of Assignee under this Section 2.

3. The term and covenants of this agreement shall inure to the benefit of Assignee, its successors, assigns and other legal representatives, and shall be binding upon said Assignor, their respective heirs, legal representatives and assigns.

4. Said Assignor hereby warrants and represents that it has not entered and will not enter into any assignment, contract, or understanding in conflict herewith.

5. This assignment shall be governed by the Laws of the State of Delaware, without regard to the principles of conflicts of law thereof.

IN WITNESS WHEREOF, the said Assignor has executed and delivered this instrument to Assignee on the date indicated below.
