ASSIGNMENT

This Assignment made by us, CALE E. MURRAY, residing at 7535 North Carolina Highway 61, Browns Summit, North Carolina 27214, citizen of the United States of America; and JUAN CARLOS ARRIOLA DIAZ, residing at C/ Pocillo No. 10, Carabaña 28560, Madrid, SPAIN, citizen of Spain, hereinafter referred to as assignors,

WITNESSETH:

THAT, WHEREAS, We are the joint inventors of certain new and useful improvements in a CAPSULE HAVING BROAD COLOR SPECTRUM for which We have made an application for Patent of the United States, Application No. 13/274,703 filed October 17, 2011; and

WHEREAS, Qualicaps, Inc., a Delaware corporation, having a principal place of business at 6505 Franz Warner Parkway, in the City of Whitsett, State of North Carolina 27377-9215, hereinafter referred to as assignee, is desirous of acquiring the entire right, title and interest in and to said invention as described in the specification executed by us herewith, and any and all Patents which shall be granted therefor;

NOW, THEREFORE, To All Whom It May Concern, be it known that for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, We, the said assignors, have sold, assigned, transferred and set over unto the said assignee, its successors and assigns, the entire right, title and interest in and to the above-mentioned application and invention and in and to any and all Patents of the United States which may hereafter be granted therefor, and in any and to any and all continuations, continuations-in-part, substitutions, divisions or reissues of said Patents, the same to be held and enjoyed by the said assignee, for its interest, and for its own use and behalf, and the use and behalf of its successors and assigns, to the full end of the term for which said Patents may be granted as fully and entirely as the same would have been held and enjoyed by us had this assignment and sale not been made.

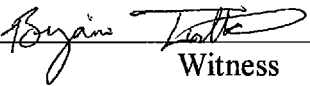

And for the consideration aforesaid, We hereby covenant and agree to and with the said assignee, its successors and assigns that, at the time of the execution and delivery of these presents, We are the sole and lawful owners of the entire right, title and interest in and to the invention, application and Patents above-mentioned, and that the same are unencumbered, and that We have good right and lawful authority to sell and convey the same in the manner herein set forth.

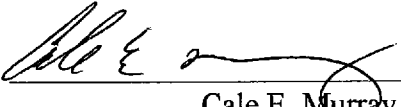

And for the consideration aforesaid, We hereby covenant and agree to and with the said assignee, its successors and assigns, that We will, whenever its counsel or the counsel of its successors and assigns, learned in the law, shall advise that an amendment, division, continuation, continuation-in-part, or substitution of, or any other proceeding in connection with said application, including interference proceedings, is lawful and desirable, sign all papers and drawings, take all rightful oaths, and do all acts necessary or required to be done for the procurement of valid Patents for said invention, or for the reissue of the same without charge to our said assignee, its successors or assigns, but at its or their expense.

We hereby request the Commissioner for Patents to issue any and all Patents in accordance with this instrument.

For the consideration aforesaid, We have sold, assigned, transferred and set over, and by these presents do sell, assign, transfer and set over, unto the said assignee, its successors, assigns or nominees, the entire right, title and interest in and to any and all Patents for said invention which may be granted in countries foreign to the United States and in and to any applications for Patents which may be filed for said invention in countries foreign to the United States and in and to the invention described in said application; and We hereby authorize and empower the said assignee, its successor, assigns or nominees to apply for Patents or other form of protection on said invention in its own name or in the name of its successor, assignee, or nominee, in any and all countries where it may desire to file such application and where said application may be filed by another than the inventor; and We hereby covenant and agree to sign all papers and drawings, take all rightful oaths, and do all acts necessary or required to be done for procurement of Patents, or other form of protection, for said invention or inventions in countries foreign to the United States, and for further investing or confirming the right and title therein to the assignee, its successor, assignee, or nominee, without charge to our said assignee, its successor, assignee or nominee, but at its or their expense.

IN WITNESS WHEREOF, We have hereunto set our hands and seals this the 18
day of October, 2011.

ASSIGNMENT

This Assignment made by us, CALE E. MURRAY, residing at 7535 North Carolina Highway 61, Browns Summit, North Carolina 27214, citizen of the United States of America; and JUAN CARLOS ARRIOLA DIAZ, residing at C/ Pocillo No. 10, Carabafia 28560, Madrid, SPAIN, citizen of Spain, hereinafter referred to as assignors,

WITNESSETH:

THAT, WHEREAS, We are the joint inventors of certain new and useful improvements in a CAPSULE HAVING BROAD COLOR SPECTRUM for which We have made an application for Patent of the United States, Application No. 13/274,703 filed October 17, 2011; and

WHEREAS, Qualicaps, Inc., a Delaware corporation, having a principal place of business at 6505 Franz Warner Parkway, in the City of Whitsett, State of North Carolina 27377-9215, hereinafter referred to as assignee, is desirous of acquiring the entire right, title and interest in and to said invention as described in the specification executed by us herewith, and any and all Patents which shall be granted therefor;

NOW, THEREFORE, To All Whom It May Concern, be it known that for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, We, the said assignors, have sold, assigned, transferred and set over unto the said assignee, its successors and assigns, the entire right, title and interest in and to the above-mentioned application and invention and in and to any and all Patents of the United States which may hereafter be granted therefor, and in any and to any and all continuations, continuations-in-part, substitutions, divisions or reissues of said Patents, the same to be held and enjoyed by the said assignee, for its interest, and for its own use and behalf, and the use and behalf of its successors and assigns, to the full end of the term for which said Patents may be granted as fully and entirely as the same would have been held and enjoyed by us had this assignment and sale not been made.

And for the consideration aforesaid, We hereby covenant and agree to and with the said assignee, its successors and assigns that, at the time of the execution and delivery of these presents, We are the sole and lawful owners of the entire right, title and interest in and to the invention, application and Patents above-mentioned, and that the same are unencumbered, and that We have good right and lawful authority to sell and convey the same in the manner herein set forth.

And for the consideration aforesaid, We hereby covenant and agree to and with the said assignee, its successors and assigns, that We will, whenever its counsel or the counsel of its successors and assigns, learned in the law, shall advise that an amendment, division, continuation, continuation-in-part, or substitution of, or any other proceeding in connection with said application, including interference proceedings, is lawful and desirable, sign all papers and drawings, take all rightful oaths, and do all acts necessary or required to be done for the procurement of valid Patents for said invention, or for the reissue of the same without charge to our said assignee, its successors or assigns, but at its or their expense.

We hereby request the Commissioner for Patents to issue any and all Patents in accordance with this instrument.

For the consideration aforesaid, We have sold, assigned, transferred and set over, and by these presents do sell, assign, transfer and set over, unto the said assignee, its successors, assigns or nominees, the entire right, title and interest in and to any and all Patents for said invention which may be granted in countries foreign to the United States and in and to any applications for Patents which may be filed for said invention in countries foreign to the United States and in and to the invention described in said application; and We hereby authorize and empower the said assignee, its successor, assigns or nominees to apply for Patents or other form of protection on said invention in its own name or in the name of its successor, assignee, or nominee, in any and all countries where it may desire to file such application and where said application may be filed by another than the inventor; and We hereby covenant and agree to sign all papers and drawings, take all rightful oaths, and do all acts necessary or required to be done for procurement of Patents, or other form of protection, for said invention or inventions in countries foreign to the United States, and for further investing or confirming the right and title therein to the assignee, its successor, assignee, or nominee, without charge to our said assignee, its successor, assignee or nominee, but at its or their expense.

IN WITNESS WHEREOF, We have hereunto set our hands and seals this the 24th day of October, 2011.
