I made said invention set forth in said patent application while employed by Stewart Filmscreen Corporation of Torrance, California, and acknowledge my obligation at the time the invention was made to assign said invention to Stewart Filmscreen Corporation. Pursuant to said obligation, I assign to Stewart Filmscreen Corporation, its legal representatives, successors and assigns, the entire right, title and interest, including the right to claim priority of the filing date of said patent application under international conventions, in said invention as set forth in said patent application, including any divisional, continuation, continuation-in-part, continued prosecution, or provisional application thereof, and in all patents, including any reissued, reexamined, or extended patent thereof, of the United States and of any foreign country which may be issued for said invention, as fully and completely as the same would have been held by us/me had this assignment not been made. The entire right, title and interest shall vest irrevocably in Stewart Filmscreen Corporation. I further agree upon request, without additional compensation but at no expense to me, to execute or assent to foreign applications, and to execute all other legal documents as may be necessary or desirable to vest the enjoyment of the rights assigned to Stewart Filmscreen Corporation, its legal representatives, successors and assigns, or as said Stewart Filmscreen Corporation may direct.
